Questions 8-12 are based on the following passage.

A great scholar recognized that, while all men should have equal opportunity, all did not have the same capacity. Some had the ability to earn more than others. But he believed that those who had talent would be performing the work of society if they used their talent wisely and well. He said that he would allow a man of intellect to earn more and not suppress his talent. But it was his view that the bulk of his larger earnings should go to the common fund. Those with talent and opportunity would find their fulfillment as trustees.

He extended this concept of trusteeship to cover all fields of life.

8. The scholar mentioned in the passage never believed in

- A. social equality
- B. equality of opportunities
- C. political equality
- D. complete equality in all respects
