

CONFUCIUS INSTITUTE

University of Karachi

Confucius Institute at University of Karachi (CIUK) was established by Sichuan Normal University and University of Karachi in 2013. Chinese Premier and Pakistan former President witnessed the signing of MOU of establishing CIUK at the President's House in Islamabad, capital city of Pakistan.

With good cooperation between Sichuan Normal University and University of Karachi, the last 7 years has witnessed the fast development of CIUK from a small institute into the largest Chinese language center in Pakistan with 7000 registered students in CIUK and its teaching sites at 6 prestigious universities and institutes in Karachi.

The **Mission** of CIUK is to facilitate the teaching of Chinese language to people who want to learn Chinese and promote people to people contact between Pakistan and China.

The **Vision** of CIUK is to be the leading Chinese language center and pursue excellence in education and people to people contact.

The **Objective** of CIUK is to provide the best Chinese courses and cultural activities and to help students increase their opportunities for further education and career development.

Being a largest Chinese language center in Pakistan in terms of the number of teachers, students and teaching sites. The courses at CIUK include HSK1-6, BCT1-4, YCT1-2, and calligraphy, tea culture, dance, Chinese martial arts, Chinese culture lectures, Taiji, and paper-cutting.

Pakistani Director Speaking at Forum Center for Language Education and Cooperation

The primary goal of CIUK is to become the leading Chinese language center in Pakistan. To achieve this goal, we believe the following aspects are important.

1. Creating good environment for Chinese programs
2. Emphasizing quality management
3. Providing academic support for Chinese teaching
4. Promoting Localization
5. Cooperating on 2+2 Degree Program in Chinese

We believe a good environment is important for the success of educational institute. University of Karachi is generous in supporting Confucius Institute. A complete floor with 20 rooms is given to CI. Now it is equipped with modern teaching facilities, including air-conditioned classrooms with LED, language labs, conference room, auditorium, activity room and library.

We have complete teaching management regulations to ensure the quality of teaching. Pre-service training, peer observation, teaching supervision, group preparation and time feedback system are employed in teaching.

On November 13, 2020, the three party agreements on the training program of local teachers for Pakistan was signed in Sichuan Normal University, Chengdu, China. The Center for Language Education and Cooperation, Sichuan Normal University and University of Karachi jointly start the degree program for prospective local teachers.

Signing Ceremony of Split 2+2 BS Chinese program by Center for Language Education and Cooperation, University of Karachi and Sichuan Normal University on 13th November, 2020

This has been in our plan for many years. Sichuan Normal University and University of Karachi agreed to launch the split 2+2 undergraduate programme in Teaching Chinese to Speakers of Other Languages at the 7th Board Meeting of CIUK in 2019. The two parties officially signed the MOU in August 2020 to start the program. This programme provides 15 seats for Pakistani students whose native language is not Chinese. Before going to study in Sichuan Normal University, programme students must study two years at University of Karachi to complete the courses and get enough overall GPA and obtain at least 180 marks out of 300 in HSK-4 international test and 60 marks out of 100 in HSKK-Intermediate international test. Students who meet the graduation requirements shall be granted bachelor's degree by both universities.
