میرے نوجوان دوستو!

"میں نوجوان نسل کی جانب دیکھتا ہوں جو پاکستان کی حقیقی معمار ہے۔ اپنے آپ کو ضائع نہ ہونے دیں اور نہ ہی اپنے آپ کو گمراہ ہونے دیں۔ اپنے درمیان مکمل اتحاد اور یکجہتی پیدا کریں۔ ایسی مثال قائم کریں کہ نوجوان کیا کچھ کر سکتے ہیں۔ آپکا اصل کام اپنے آپ سے وفا، اپنے والدین سے وفا اور اپنے ملک سے وفا ہونا چاہیے۔ اپنی تعلیم کی طرف مکمل توجہ دیں۔ اگر اب آپ نے اپنی توانائی ضائع کی تو اس پر آپ پچھتائیں گے۔ اپنی درسگاہوں سے فارغ التحصیل ہونے کے بعد آپ اپنی اور اپنے وطن کی ترقی کے لیے اپنا آزادانہ کردار ادا کر سکتے ہیں۔"

قائد اعظم محمد علی جناح

Our Vision

To become a globally recognized
Centre of Excellence in Higher Education

Our Mission

To attain International Excellence in Education and
Research and to produce highly skilled manpower with a
view to foster human values,
truthfulness in our society and disseminate,
contemporary knowledge in all
academic disciplines

Education
is the **MOST**
Powerful
weapon for
CHANGING the
WORLD

University of Karachi

Prof. Dr. Muhammad Qaiser
Vice Chancellor

MESSAGE

I welcome all the keen seekers of admission to the University of Karachi, who can secure admission in the desired department by satisfying the specific criteria. I find it important to highlight that the University of Karachi is untiringly struggling to promote higher education in the region. Due to this fact, University of Karachi stands in the list of top 200 Universities in Asia. Nevertheless, this journey of rapid development does not limit itself to the current international ranking only; we are rather trying very hard to take our Alma Mater to the list of top ten universities in the World. In this relation, extensive developmental work is being carried out in every sphere of the University, be it academic or administrative.

Our teaching and research is on a par with the international standards and address issues that have a global impact. Despite acute financial crises, the facilities that the University provides make the learning process easier and interesting. In short, we are fervently trying to raise a well-educated, professionally skilled and technically advanced new generation in Pakistan.

It is a matter of pride for me that the name of University of Karachi is a guarantee for absolute success and leadership in every field. This has been possible because of its alumni who are serving at outstanding positions at all levels of societal and professional brilliance.

As far as the admissions 2017 are concerned, I must say that we follow very strict merit criteria for admission in all the departments. Self-finance seats are introduced for the prospective students but even there the basic merit criteria are not compromised.

I wish best of luck to all those who wish to join University of Karachi for further studies and ensure that merit is given the first priority at University of Karachi.

Prof. Dr. Muhammad Qaiser
Vice-Chancellor

Directorate of Evening Program University of Karachi

Prof. Dr. Abid Hasnain
Director

MESSAGE

I would like to take this opportunity to welcome the students who wish to get admission in this august institution.

University of Karachi is one of the oldest and highly renowned institutions in Pakistan and has worldwide recognition. The higher education through evening program is an opportunity for those who due to any reason may not continue their education. Thus, the Evening Program with highly qualified and dedicated faculty members and supporting staff provide them an excellent opportunity to excel in the fields of their interest.

We have a very good reputation during the last 21 years and I sincerely hope that with the support and cooperation of the faculty members we will be able to produce the best graduates in all disciplines who will serve the country with pride and honour.

I wish the new entrants a very bright and successful future.

Academic Calendar 63

The University

University of Karachi emerged as a profound national institution imparting quality education at the higher level. When the Karachi University Act was passed in 1950, it was established through parliament as a Federal University in 1951. Later, in 1962 its status was redefined as a University of the province of Sindh.

The University was initially housed in a congested compound of a few buildings situated at the old Princes Street near Civil Hospital. The polluted and congested environment was not conducive for the academic and research activities which is required for a quality output. Considering the need, the authorities sanctioned a plot located on the Country Club road (now university road) with an expanded area of 1279 acres of land.

Today, University of Karachi is enjoying the status of a thriving and challenging academic community, dedicated to excellence at all levels of higher education and research. This premier institution has emerged as a dynamic place which keeps pace with academic advances and changes in the real world.

A number of scientists and scholars afflicted with the University are working in important positions both within and outside Pakistan.

**THE
JOURNEY
BEGINS
HERE**

They have been acclaimed as active yet dedicated members of society who are striving to bring positive change and development in the intellectual mindset of the people of Pakistan.

Considering the increasing number of applicants every year, the University initiated its Evening Program a few years ago at BS/Hons. and Masters Level. An independent Directorate of Evening Program has been set up in 1995 to deal with the matters pertaining to studies in the evening, including admissions. Academics and administration.

At present, the University of Karachi offers B.A.(Hons.) / B.Sc.(Hons.) / BS / BBA / BPA(Hons.) / BLIS / MCS / M.Sc. / LLM Programs in six disciplines, which include, Faculties of Education, Law, Management & Administrative Sciences, Pharmacy and Pharmaceutical Sciences, Science and Social Sciences.

Being an affiliating and examining body, Karachi University has granted affiliation to almost 145 colleges and institutes. It conducts examination of about 1,50,000 students studying in these colleges/ institutes, prepares their results and awards degrees.

THE KARACHI UNIVERSITY DEGREE

Degree of the Karachi University is acknowledged throughout the world, an evidence of which is the inclusion of Karachi University among the *Top Universities of the World*, for the third consecutive year. The ranking was carried out by world's most prominent ranking agency *Times Higher Education* and *Quacquarelli Symonds (THEQS)*, UK. University of Karachi was ranked among the **Top 400** institutions of the world in the subjects of Arts & Humanities, Social Science and Life Science. Moreover, it has been ranked 223rd in the area of natural sciences in 2010.

To further strengthen the standards of education & research, the University has established a Quality Enhancement Cell in the main administration block of the University. The main objective of this Cell is to introduce self-assessment programs with a view to ensuring quality education and research in all disciplines offered at the University.

As per recommendation of Higher Education Commission, University of Karachi introduced a four year BS program in 2007 abolishing its BA/BSc./B.Com. (Honors) programs. However, the Academic Council has decided to re-introduce both the programs concurrently. The admissions are offered to the following degree programmes simultaneously:

- One Year BLIS after Graduation (two semesters)
- Two years M.Sc./MCS (four semesters)
- Three years B.A.(Hons.)/B.Sc.(Hons.) (six semesters)
- Two years LLM (two semesters) after LLB
- Four years BS/BBA (eight semesters)
- Five years for Doctor of Pharmacy (ten semesters)

The alumni list of Karachi University contains, inter alia, the world renowned personalities and famous scientists like Dr. Abdul Qadeer Khan and Prof. Dr. Atta-ur-Rehman. The fact makes the University feel proud that these eminent figures are recognized for their services par excellence rendered for the promotion of higher learning and research.

Thriving as a research-oriented institution; the University offers courses that bear futuristic vision in all disciplines. This academic stance makes it easier for students to find a rightful place in the competitive job market at national and international level.

EVENING PROGRAM

Keeping in view the growing demand of learning opportunities. University of Karachi initiated its Evening Program in 1995. This program was specifically designed for those knowledge seekers who like to continue education along with their professional lives. Later, its facilities and academic and research output attracted other students as well.

The evening program is based on a self-finance basis and offers Bachelors and Masters Programs in various disciplines in Faculties of Education, Law, Management & Administrative Sciences, Pharmacy and Pharmaceutical Sciences, Science and Social Sciences. In its beginning phase, the program was initiated in a few departments of the University but later many other departments extended their facilities for the well being of Pakistani youth and they now offer Bachelors and Masters Programs in their departments as well. Some newly introduced programs including B.Sc.(Space Science and Technology and B.A.(Hons.) Criminology.

It is note worthy that, under the able guidance and leadership of the Vice Chancellor, Prof. Dr. Muhammad Qaiser the graduates of the Evening program where awarded degrees in the annual convocation 2009. This way the students of the evening program stand in line with their morning fellows in terms of award of degrees as well. All the study courses conducted in the Evening program are same as that of the morning program. The courses are mostly taught by the same faculty members who teach the students of morning program.

The timings of the program have been scheduled from 3:30 p.m. In departments where laboratory experiments are involved, it usually commences at 3:30 p.m. while in others, teaching schedule is decided by the department's management as per the needs of the courses within the working

hours of the Evening Program. The timings of the program provide an excellent opportunity to individuals, who are in-service and intend to improve their academic qualifications, for enhancing their learning and career prospects. The admission process begins by the end of the year through newspaper announcements and classes for the first semester commence from January. During the holy month of Ramzan, the classes remain suspended. There are two semesters in a year. Tuition fee is charged in each semester.

Who Should Enroll ?

- ❖ All prospective students wishing to join the University immediately to have an early start of their higher education.
- ❖ In-Service candidates who are keen to improve their qualifications and skills.
- ❖ Female students are encouraged to enroll. Presently, nearly 40% girls are studying in the Evening Program.
- ❖ There is no restriction on the year of passing, but the pre-requisite examination must have been passed from a recognized Institution / University.

GENERAL INFORMATION

Students' Affairs

To look after students affairs, in general, and to supervise their extra-curricular activities in particular, an office of Advisor Students' Affairs is situated at the first floor of the Administration block. Teachers and the staff are available for the students' guidance.

In order to help passing out students in securing jobs and solve their practical problems, an office of Students Guidance, Counseling and Placement Bureau is also functioning at the first floor of a building facing Masjid-e-Ibrahim. The Bureau also conducts preparatory classes, every year, for those who wish to appear in the CSS examinations or to develop proficiency in the English language.

Transport facility is currently not available due to financial constraints.

Discipline Committee

A discipline committee has been constituted to maintain law and order situation within the campus and to ensure a proper academic environment. The Committee takes notice of the cases of infringement of law and order and undesirable activities at the campus, and takes disciplinary action against the offenders. The Vice-Chancellor chairs this Committee while the Advisor Students' Affairs is its member secretary. The Committee meets several times a year to review the prevailing law and order situation and other related matters and take appropriate decisions.

Duration of Programs

- One year Diploma
- One year BLIS after Graduation (two semesters)
- Two years M.Sc./MCS (four semesters)

- Three years B.A.(Hons.)/B.Sc.(Hons.) (six semesters)
- Two years LLM after LLB (two semesters)
- Four years BS/BBA (eight semesters)
- Five years for Doctor of Pharmacy (ten semesters)

Details regarding eligibilities requirements and number of seats are given in **Table-I** for Masters, LLB, LLM and BLIS programs, **Table-II** for Bachelors Programs. **Table-III** for Diploma Program and **Table-IV** for Certificates Programs.

Libraries

Each department and institute at the campus has its own seminar library that contains books related to the subjects taught in the department. The main library Dr. Mahmud Husain Library is situated near administration block that provides facility to consult thousands of books, journals and other relevant publications.

M.Phil./Ph.D. theses to students of various departments of the University. LEJ Digital Library is also available at the campus that can be used by all the students to access a large number of books or journals on-line.

Co-Curricular Activities

The University organizes different programs to promote participation of its students in co-curricular activities. The schedule is announced by the office of the Students' Advisor. Sports facilities like grounds for Hockey, Cricket and Football, courts for Squash, Badminton, Tennis and basketball are also available at the campus.

SYSTEM OF STUDIES

The University follows the semester system. One academic year consists of two semesters (details available in the Academic Calendar shown at the beginning of this brochure). A student has to complete a total of 18 credit hours during one semester. However, in the Faculty of Pharmacy and Pharmaceutical Sciences, the student has to complete 20 credit hours.

After successful completion of four semesters, if a student decides to leave the University or the Department, a B.A., B.Sc. (Pass) degree can be awarded on request. Similarly, a B.A., B.Sc. (Honors) degree can be awarded to the student who wishes to quit Honours program after successful completion of six semesters.

A student of B.A.(Hons) / B.Sc.(Hons.) will have to take two subsidiary subjects besides a major subject.

Students admitted in the University have to be conversant with the University rules and must abide by them.

Rules governing attendance and promotion are of special importance. Under these rules:

1. Minimum attendance requirement to appear in the terminal examination of any subject/course is 75%. For details please see 'Semester Examination Rules', booklet, available at the University Book Shop.
2. A student will not be promoted to the next higher class unless he/she has cleared at least 80% of the courses. Admissions to masters program would not be granted unless the student has cleared all the courses of Bachelors Program. This rule is being strictly followed as per decision of the University's Academic Council.

INSTRUCTIONS FOR INTERNATIONAL STUDENTS

Foreign students are admitted to this University on nomination from the Ministry of Foreign Affairs and Ministry of Education, Government of Pakistan, subject to eligibility.

These students are required to complete the following additional courses.

- a) BS/Hons. students have to study a special **"English for Foreigners"** course in the First Year. This course is in addition to the English compulsory course taught at BS/Hons. level.
- b) They are also required to complete a certificate course in **"Urdu Language"** for foreign students organized by the Department of Urdu, University of Karachi.
- c) At the BS/Hons. level, Foreign Students are required to pay Rs.2,00,000/- per academic year.

ADMISSION POLICY

Admissions in Karachi University are granted according to merit under “K”, “S” and “P” categories as approved by the Academic Council. However, certain seats are reserved for Children of Karachi University Teachers and Employees and Special Persons. For reserved seats also merit is the only criterion.

Admissions on Merit Seats

Since the number of applicants is much higher than the number of available seats, under the University rules, the applicants have been divided into three categories i.e. “K”, “S”, and “P”.

1. Category “K” refers to those applicants who have passed their Secondary School Certificate (SSC), Higher Secondary Certificate (HSC) or equivalent, and graduation degree from educational institutions situated in Karachi and also recognized or affiliated by the University of Karachi.

Five percent (5%) seats have been reserved for applicants who have completed their graduation from other degree awarding institutions situated in Karachi and recognized by the University of Karachi.

2. Category “S” refers to those applicants who have passed at least one of the certificates (SSC or HSC) or degree examinations from a recognized educational institution in the Province of Sindh (excluding Karachi).
3. Category “P” refers to those applicants who have passed at least one of the certificates (SSC or HSC) or degree examinations from a recognized educational institution outside the Province of Sindh or Pakistan.

Preference in admissions is given to “K” category candidates. In case seats are left vacant, “S” category candidates are considered. If seats are still available then consideration is given to “P” category candidates.

Note:

Admission in the Test-Based departments will be granted after qualifying the Test irrespective of categories.

Admission in the University are given strictly as per above mentioned criteria of categories.

Change of Category

Candidates who fulfill the following conditions can apply for change of category from “S” or “P” to “K”.

1. Those students whose father or mother is domiciled in Karachi, but who have passed the pre-requisite examination, from abroad, conducted by any registered International Institution or any Pakistani Board or University, will have to produce their father’s or mother’s domicile certificate and copy of CNIC showing their permanent address in Karachi.
2. Students whose parents are employees of the Federal or Sindh Government, Autonomous or Semi-autonomous bodies, Government Corporations, or Armed Forces and have been posted in or transferred to Karachi during last 3 (for BS / (Hons.) program) or 5 years (for Masters program) will have to produce the appointment letter or transfer letter of their father/mother together with their application. Such candidates must have completed their

further education, after the date of transfer or posting of their father/mother from educational institutes located in Karachi.

3. Three (3%) seats in each department will be allocated for those candidates who have passed their pre-requisite examination from a recognized educational institution located outside Karachi but they have their initial education including Matric and Intermediate from Karachi. Such candidates should have Karachi P.R.C. and their parents should have Domicile and CNIC showing their permanent address in Karachi. Candidates below the age of 18 years are required to submit photocopy of their 'B'-Form.
4. A candidate who comes under 'S' or 'P' category but she / he is married to a permanent resident of Karachi should submit a copy of the '*Nikah-nama*' along with Domicile and CNIC of her / his spouse showing his / her permanent address in Karachi.

Application for Change of Category

All such applicants who fulfill any of the criteria for change of category to 'K' described above, should attach with their forms an application on plain paper for change of category together with the required document mentioned above. At the time of admission they will have to produce the original and photo-copies of all the documents.

Admissions of Reserved Seats

Some seats have been reserved for dependents of Karachi University Employees and Special Persons. Candidates for admission to these seats should ensure that they meet the criterion of eligibility for the University as well as the concerned department. The candidates shall

mention the type of reserved seats on top of their form they are applying for.

Admission of Donor Seats

University of Karachi offers admissions on donor seats as well. Faculty wise amount (Per Seat) for donors is as follows.

S #	Faculty	Bachelors	Masters
1.	Faculty of Management & Administrative Sciences	Rs.4,00,000/-	Rs.2,00,000/-
2.	Faculty of Social Sciences, Law, Education, Science & Islamic Studies	Rs.3,00,000/-	Rs.2,00,000/-
3.	Faculty of Pharmacy and Pharmaceutical Sciences	Rs.5,00,000/-	

Conditions for Eligibility

Following are the conditions for eligibility whether applying on merit or reserved seats:

1. Admission will be granted as per eligibility criteria mentioned in the Table (I, II, III and IV).

Grace / Condonation marks will not be counted. A student placed in 3rd division or obtaining less than 45 per cent marks in the pre-requisite examination cannot be admitted in the University.

Candidates who have already completed their graduation are not eligible for admission to BS/Hons. course in any department. Similarly, candidates who have completed Masters Degree Programs are not eligible to apply for admission to masters evening program. If any such case comes to the notice, the student's admission will be cancelled, and legal action can be initiated against him / her.

2. Candidates seeking admission on the basis of certificates other than those given in the conditions of eligibility in Table (I, II, III and IV). should get the equivalence of their certificates determined by the University

Equivalence Committee well before the scheduled date for announcement of admission list. Candidates passing 'O' Level, 'A' Level or other foreign certificates should also get the equivalence of their grades and marks determined by the University of Karachi or IBCC before the scheduled date otherwise their application shall not be entertained. Candidates possessing DAE certificates are reminded that even after the determination of equivalence they will be considered for admission in only selected departments which have been mentioned in this booklet. They are instructed to attach their consolidated mark sheets with the admission forms; otherwise their forms would not be entertained.

Twenty (20) marks will be given to those candidates who are Hafiz-e-Quran, for Bachelors program only. After producing the Hifz-e-Quran from recognized institutes, provided that they are not third division (less than 45% marks) holder.

Inadvertent admission of candidates from non-recognized institutions can be cancelled at any time.

Eligibility for Admissions

The number of merit seats in different departments together with conditions of eligibility is mentioned in **Table (I, II, III and IV)**. The subjects whose study is a pre-requisite for admission to different departments have also been identified. Preference will be given to those candidates who had offered same subject in Intermediate / HSC for which they have applied for admission, except for those departments where clarification in this regard has been indicated in column of eligibility. However, in case of subjects such as International Relations, Mass Communication, Public Administration which are not taught at intermediate level, other alternative subjects have been mentioned in the relevant column.

Admission Form

- ☞ The admission form and receipt/admit card are enclosed with this booklet. The applicant is required to fill in the form. Receipt, duly signed and stamped, shall be handed over to the applicant at the counter where the admission form is submitted.
- ☞ A candidate can apply for admission in four subjects of his / her choice. The candidate is advised to write subjects in order of preferences in the space given in the application form. Admission in the subject / department shall be awarded on the basis of eligibility, merit and the number of seats available in the subject / department.
- ☞ The powder photocopies of the following documents must be attached with the admission form at the time of submission.
 - ✓ One copy of CNIC
 - ✓ Two copies of Mark Sheets of 1st & 2nd year of pre-requisite examination.
 - ✓ A photocopy of the filled-in admission form.
 - ✓ One copy of Matric (SSC) mark sheet.
 - ✓ One copy of the Admit Card of 1st & 2nd year of pre-requisite examination.
 - ✓ One attested photocopy of Intermediate mark sheet or Certificate (Only for Masters Program's candidate)
 - ✓ One copy of Hifz-e-Quran certificate (only for Bachelors program).

Department of

Education

Introduction

Department of Education was established in 1984. The main goal of the department is to prepare human capital in the field of education as teachers, educators, educational leaders and researchers. Innovative methods of teaching and learning, emerging techniques of research and material development in the field of education have made this department parallel with the international standards of Education.

Facilities

The department of Education has a seminar library as its primary resource containing recently published books related to the disciplines of Education. Moreover, the library also contains extensive resource material for research at all levels of higher education. The department also offers hands on training regarding equipments and software to present research findings to the large faction of academia.

Career Opportunities

Education is an important discipline in Social Sciences and Humanities. Therefore, our graduates have ample opportunities in the competitive job market at local and international levels. Research Industry, Media Career Counseling, Schools, Teacher Training Institutes, Human Resource Development Centers, Professional Institutes, UNICEF, UNESCO and NGO based organizations will be the possible job market for the graduates of education department.

Specific Research Areas

- Research Methods in Education
- Educational Psychology
- Teaching Strategies
- Behavioral Management
- Curriculum Development
- Trends and Issues in Education
- Comparative Education
- Classroom Assessment, Test Development and Evaluation
- Guidance and Counseling
- Foundations of Education
- School Management and Community Development.

Department of

Special Education

Introduction

The vision of the Department of Special Education is that of an inclusive society in which all individuals are afforded equal access and opportunities that improve the quality of life. The mission of the department is to create such a society through innovative and collaborative personnel preparation, research and scholarly activity, and advocacy. The goal of the Department of Special Education is to provide university students with information and skills in working with persons with disabilities. The department provides Baccalaureate and Post Baccalaureate degrees in Special Education that prepares educators to become eligible for working in Special Education. Our faculty and staff are committed to preparing educators who desire to help children reach their potential. Prepare to make a difference.

Facilities

The department has lecturer and seminar rooms, audio visual room, as well as seminar library with most recent books. The department has equipment which provides practical work facilities to students as well as exposure of practical teaching at special schools.

Specific Research Areas

- Five Major Disabilities (Visual Impairment, Learning Disabilities, Hearing Impairment, Physical Handicap, Mental Retardation).
- Disabilities and Psychology
- High & low incidence disability
- Professional services (Occupational Therapy, Physiotherapy, Speech Therapy).
- Teaching strategy (Curriculum Planning, Assessment and Management).
- Early Intervention
- Behavior Management
- Rehabilitation and Community
- Inclusive Education
- Teachers' Development
- Guidance & Counseling
- Vocational Education
- Educational programming
- Issues in Special Education
- Audiology
- Management and Leadership

Career Opportunities

A career in Special Education is very rewarding. Careers for graduates from the Special Education department include teachers within general or special education settings, early intervention educators, adult service/workforce providers, for positions in clinical settings and careers with organization serving individuals with disabilities. Those in the Ph. D program often enter faculty positions in higher education. Programs are designed for students who desire to enter educational and human services professions.

School of Law

Introduction

Education is the foundation of knowledge and knowledge is light which shuns the darkness of ignorance. Legal education is also a vital part of that phenomenon as through this type of education also a civilized and organized society comes into existence. Legal education is still very popular and bound to become so with job opportunities of law persons increasing consequent upon economic liberalization and globalization of legal services. However the present organization of legal education is not able to cater to the needs and demands which are changing from time to time. With this end in view the University of Karachi has established its School of Law with the following aims and objectives.

- To train law students in the real dynamics of what will be the real relevant decisional structure to become adept influencing their outcome and in assisting other people in changing goals and developing strategies to achieve these goals in diverse contexts.
- To give quality education in law.
- To provide sound knowledge and training in the legal theory and practice to fulfill the requirements for the legal profession and administrative jobs.
- To equip the law students with specialized legal studies relating to commercial, business and public affairs so that a product of such education would be able to contribute towards national development and social change in a much more constructive manner.

Facilities

Today library is said to be the 'heart of law school' and one of the most important element in training law students and in providing faculty members with materials for research and study. School of Law has one of the finest Seminar Library containing Law Reports, Text Books and Law Journals.

The Computer Lab is equipped with high speed computers, printers and scanner facilities. Audio/Visual aids including multimedia option are used during presentation/ lecturers.

Clinical Legal Education

At present the traditional system of legal education which concentrates much on reading of books, class

room lectures and little on moot courts and court visits etc does not meet the requirement of the modern education. Therefore for the development of scientific temperament of the students empirical approach is being followed in the Faculty by giving due importance to clinical legal education.

Career Opportunities

The demand for lawyers with expertise will continue to grow with the passage of time. The legal field is constantly redefining itself by adding new areas to the practice. For every job in law, analytical ability, research, writing skills, and the knowledge of the basic differences in the world's legal systems as well as their political and cultural contexts is essential.

The available career paths for a lawyer can be broken down into law firms, federal government, corporate counsel, international organizations and non-profit groups.

Note: The terms and conditions imposed by the Pakistan Bar Council as amended from time to time shall be binding on all students.

Faculty Member

Professor

- Dr. Ghous Muhammad (*Dean & Director*)

Evening Program Available

- LLM (2 Years) after LLB

Karachi University

Business School

Introduction

Karachi University Business School (KUBS) was established in 1999-2000 after Institute of Business Administration (IBA a constituent of University of Karachi) was declared autonomous degree awarding institution.

KUBS within short period of time has become well established institution with good reputation and high image in the business world. KUBS is presently offering a number of programs, namely BBA Four Years (Morning), BS (Business Administration) Two Years after graduation (Evening), MBA Three & Half Years (Morning), MBA One & Half Years, MBA Two Half Years, MBA Executive Two & Half Year program and MS program. KUBS is also provides wide ranging exemption from different renowned bodies.

The mission of KUBS is to educate the leaders who make a difference in this time of extraordinary change throughout the world. We, at KUBS, are committed to impart general management education focusing on building a deep understanding of business, teaching with skill and passion. We intend to imbibe a spirit of entrepreneurship and creativity among our students and prepare them for a global community that is increasingly reliant on technology.

KUBS was recently awarded the **Asia's 2nd Best Business School Award** under the category of "Innovation Leadership Award" for its tremendous contribution to the field of Business Management in the form of its high achieving graduates who are working in various reputable organizations across the globe. Business schools from 25 countries were nominated and awarded under various categories.

"Developing Social Equality"

Facilities

Karachi University Business School (KUBS) is located in new spacious well equipped purpose built building. KUBS provides industry specific learning experience based on Pakistan business environment.

A large number of books can be borrowed from the departmental library. Students can also consult Dr. Mahmood Hussain Library that has a good number of books on business and professional journals. KUBS also house a well established Ph.D. & Research Program.

Career Opportunities

Great opportunities in the field of Banking, Finance, and Marketing in national and multinational organizations are available and our graduates are in great demand and highly paid jobs are offered to them with swift placement.

Department of

Commerce

Introduction

The department of Commerce has been imparting quality research oriented business education since 1974. In order to keep pace with the dynamic world of business and business education, the department of Commerce has brought a change in its curriculum which is in compliance with the courses which are demanded in the business world. The students are capable of acquiring good jobs both at national and international level.

The department has been instrumental in providing candidates with thorough knowledge and understanding of the principles of commerce and business.

Career Opportunities

The mission of the department of Commerce is to equip students with analytical tools required for business management in the contemporary competitive world and to provide students with opportunities to explore new business vistas.

Department of

Public Administration

Introduction

The department of Public Administration prepares exceptional students for leadership positions in government, business and civil society. With its academic programs emphasizing academic excellence and practical orientation, the department has quickly occupied a unique position in the University of Karachi after being established formally as a department in the year 1995. The objective of DPA is to approach the issues relating to the stewardship of common goods with an interdisciplinary approach, at tries to work at the intersection of economics, business, law, political and social sciences.

Career Opportunities

The department of Public Administration aims to cater to the need of the times, and to impart such skills to its graduate which can be called upon under ever-changing circumstances. Having received training in leadership skills, sociopolitical analysis and management, the graduates of our department are serving at leading positions within the public and corporate sector, academia, research institutions and media.

Specific Research Areas

The department of Public Administration conducts analytically rigorous and theoretically informed research within the following fields:

- Governance and Globalization
- Public Policy and Policy Analysis
- Local Government Financial Management
- Marketing Management
- Human Resource Management

Facilities

The newly constructed state-of-the-art building houses not only multiple lecture rooms and the faculty offices (while offering significant flexible space for staff and students) but also has: Conference Hall and Common Rooms Well-equipped Computer Lab Seminar Library housing relevant books, journals and academic literature Research Lab.

Faculty Members

Department of

Pharmaceutics

Introduction

The department covers 24 courses spread over five years of Pharm-D. program. The department is actively involved in pharmaceutical research that covers all aspects of pharmaceutical sciences offering M.Pharm and Ph.D. programs. Till date, the department has produced 100 M. Phil, 172 M. Pharm and 35 Ph.D. scholars in different disciplines of pharmaceutics.

The department of Pharmaceutics has its history as old as the history of the faculty of pharmacy itself. The Faculty of Pharmacy was first founded in 1964 as a department under the faculty of science in University of Karachi by the now known as Father of Pharmacy Professor Dr. S.M.S. Zoha. In the year 1973, in which the status of the department was approved as a faculty with four distinctive departments one of which was the department of pharmaceutics.

Facilities

- Laboratories
- Research Laboratories
- Computer Laboratory
- Seminar Library

Specific Research Areas

- Formulation Development
- Formulation optimization and improvisation
- Pharmaceutical Microbiology
- Novel drug delivery system
- Nanotechnology
- Bio-Pharmaceutics
- Bioavailability
- Physical Pharmacy
- Clinical Pharmacy and Pharmacy Practice

Career Opportunities

The scope of pharmacy all over the world is very promising in which the graduate in pharmacy find himself in a very prestigious and professional status to serve the society in different disciplines of the field as a health care professional. After obtaining graduation degree from the faculty of pharmacy the students have the opportunity to join hospitals where they would be drug experts taking right decisions about the safe use of medicine, in community as one of the beneficial members of the society, in pharmaceutical industries

that has the largest proportion of openings in different departments of the industry. Similarly, he could also join governmental jobs where he regulates the drug portfolio and establishes policies regarding the drug usage and regulatory matters, in pharmaceutical journalism, in academia where he would be in a highly prestigious assignment to train and produce more pharmacists. A pharmacist would also find good opportunities in research and development where one can satisfy his eager to participate in pharmaceutical research as a scientist. And that is not all; there are too many job opportunities and career enhancing chances for pharmacist abroad.

Faculty Members**Professor**

Department of

Pharmacology

Introduction

The Department of Pharmacology has been one of the important Departments in the Faculty of Pharmacy since 1973, not only sharing a major load at the under graduate level but also preparing students to fill the gap by suitably qualified manpower in the field of Pharmacy at Post graduate levels. The current expansion of the Department and graduate programs in the areas of modern pharmacology including Neuropharmacology, Toxicology and Biochemical Pharmacology will be expected to place the Department among high research ranking Departments of the University.

The major academic objectives of the Department are to facilitate Basic and Applied Research, educate under-graduate, graduate and professional students in various disciplines and provide academic excellence. Department of Pharmacology has so far produced the highest number of Ph.Ds in the faculty of Pharmacy and a large number of M. Phil and M. Pharm. The Department is composed of highly competent primary faculty, research faculty and technical support staff.

Facilities

- The Department of Pharmacology laboratories are well equipped to conduct the experimental courses of Pharmacology, Physiology, Biochemistry and Pathology.
- Separate Research labs has also been assigned for research students which have all the basic and enhanced equipments and instruments required for research work.
- Computer and internet facilities have been provided so students can have easy access to latest information and data.
- Pharmacy library has also been equipped with latest books and research journals of pharmacology.

Specific Research Areas

- Neuropharmacology
- Toxicology
- Biochemical Pharmacology
- Cardio vascular pharmacology
- Psychopharmacology

Career Opportunities

After completion of M. Phil./Ph.D. in the field of Pharmacology successful, candidates will be able to perform duties in following areas:

- Research
- Education
- Hospital Pharmacist
- Clinical Pharmacist
- Pharmaceutical Industry
- Drug testing laborites

Faculty Members

Professors

Department of

Agriculture & Agribusiness Management

Introduction

The department of Agriculture launched BS-Program in Agriculture in 2004 and acquired the status of the department in 2006. It was renamed as the Department of Agriculture and Agribusiness Management in 2008. The Department offers specializations in agribusiness management, plant protection and plant pathology.

Agribusiness is an important and ever expanding industry in Pakistan. It combines the study of agricultural sciences with the management skills providing an understanding of economic and business principles and their application to Agribusiness.

The program aims to develop a range of personal and transferable skills and critical appreciation of the techniques to assist effective execution of the agribusiness management function.

It cannot be denied that the implementation of proper pest and disease management strategies can be helpful in increasing the crop yield and ultimately boost the economy of the country. The courses offered for specialization in plant pathology or plant protection enable the students to acquire in-depth knowledge of pest and diseases affecting crop, vegetable, fruit and ornamental plants in the country and make them aware of the management strategies to overcome the problem.

Career Opportunities

Specialization in Agribusiness management is helpful in getting jobs in farm business related to national and multinational organizations as managers, consultants, supply chain coordinators and accountants. It also provides an opportunity to enter self-employment immediately after graduating, largely within the farming or food sectors.

Students specializing in plant protection or plant pathology have job opportunities in various research organizations like plant protection, PARC, PCSIR, NIAB, NIA, ARI etc. They can also get jobs in plant and pesticide related national and multinational organizations.

Specific Research Areas

The department is actively engaged in research related to Entomology, Mycology, Plant Pathology and Agribusiness. Several research students are also enrolled for M. Phil. /Ph.D. programs. Faculty members and research students regularly publish research papers in journals of national and international repute.

Facilities

The department is well equipped with modern teaching aids. It also has facilities for research on topics related to fields of entomology, mycology, plant pathology and Agribusiness. The department's seminar library has a good collection of books related to agriculture and agribusiness that students can have easy access to.

Department of

Applied Chemistry & Chemical Technology

Introduction

The department of Applied Chemistry and Chemical Technology was established in 1971. The courses have been designed keeping in view the need of the chemical industries of Pakistan and with due consideration of courses of foreign and local universities offering similar program. Special emphasis has been put on important chemical industries in Pakistan, for instance, fertilizers, refineries, cement, sugar, polymers, pharmaceuticals, textiles, etc. Due consideration has been given to important aspects of chemical engineering like unit operations, unit processes, quality control & instrumentation, thermodynamics reaction engineering, design engineering, material engineering, maintenance and environmental engineering, etc. Hence it is hoped that the graduate of this department will meet the needs of the chemical industries of Pakistan and abroad.

Career Opportunities

Excellent job opportunities exist not only in industries in Pakistan, but also in foreign countries.

Facilities

The department has the latest collection of books in its Seminar Library and also provides students with the E-Library facility, Computer Lab and DSL internet accessing. There are state-of-the-art laboratories for undergraduate and graduate level courses.

Department of

Applied Physics

Introduction

The Applied Physics department was established in 1971. The objective was to teach and train student to meet the growing technological needs of the industries of Pakistan in the area of Applied Physics. Over the years emphasis has shifted toward Electronics and semiconductor technology because of the growing demand of technologically advanced industries in Pakistan. The syllabus has been continually updated to keep abreast with development in the technology.

Our objective is to prepare students to take-on challenges of the fast growing technologies in the field of Electronics and Semiconductors. The curriculum provides in depth understanding of the subject such as Analog and Digital Electronics, Industrial Electronics, Semiconductor Devices, Communication systems including Microwave and optical fiber communications.

Microprocessor / Microcontroller and Digital Signal processors (DSP) are hubs of intelligent electronic systems including computers and almost all state-of-the-art equipment used in communications, Industrial and Medical applications use these devices. A comprehensive scheme of study and applications is provided for these subjects.

To teach practical aspect of electronics and give hands-on experience, laboratories have been equipped with latest equipments. Students are required to spend a considerable time in the laboratories to develop in depth understanding of the subject they study in classes. For this purpose separate laboratory courses are designed. The laboratory training begins with circuits related to basis Analog Electronics, progressively perform experiments on Digital Electronics, Industrial Electronics and finally develop a single board computer based on microcontroller. The student are also trained on Programmable Logic Controllers (PLC) through the use of software and hardware simulators. Similarly, they are trained in the field of communication using Communication training kits.

Facilities

There has been continuous up gradation of laboratories in the department. In addition to general purpose laboratories where students perform experiments on circuits based on Analog and Digital Electronics, separate laboratories are established for

training. These include *Computer Laboratory* which is equipped with latest branded computers connected through LAN. *Communication Laboratory* has trainers to train students on Microwave and Optical fiber communication systems. *Programmable Logic Controller (PLC)* is equipped with PLCs from Siemens and Ge-Fanuc. Students use Software and Hardware simulators to develop and verify programs. Cargo lift, Conveyor belt and process models have been developed indigenously that are controlled by the PLC. **Embedded systems laboratory** is facilitated with software and hardware tools such as VHDL, Electronic Design automation to develop embedded systems. Computer Controlled (CNC) PCB prototyping machine, Logic Analyzer, FPGA and DSP kits are available for development of applications. *Semiconductor Research Lab*, has instruments such as thin film coating unit, CV analyzer, Spectrometer, Lock-In-Amplifiers etc. for research in the field of semiconductor.

Career Opportunities

A wide range of employment opportunities are available to the graduates of the Applied Physics, from public sector organizations to multinational and national industries and research organizations.

Faculty Members

Assistant Professors

- Ms. Farida Farrukh
- Mr. Abid Hussain (*In charge*)
- Mr. Arshad Hussain
- Dr. Zeeshan Alam Nayyar
- Mr. Zia-ur-Rehman

Lecturers

- Mr. Faisal Rafique
- Mr. S. Mamnoon Akhter
- Mr. S. Naseer Akhter
- Ms. Nazia Sadiq
- Ms. Ambreen Insaf

Evening Program Available

- M.Sc. (Hons.) with specialization in electronics.
- B.Sc. (Hons.) with specialization in electronics.

Department of

Biochemistry

Introduction

The department of Biochemistry established in 1962 is the pioneer independent department of our country. Since its inception, the department has shared the University of Karachi's goals of excellence in research and education. Traditionally known for strength in major areas of molecular biology, genetics, cell biology, biotechnology and bioinformatics, the current faculty is continuing to broaden its representation and reputation in other areas, most notably, Clinical Biochemistry, Enzymology, Environmental Biochemistry, Hematology Immunology, Genomics, Molecular Biophysics, Neurochemistry / Neuropharmacology, Biotechnology, Nutrition and Proteomics.

Career Opportunities

Excellent career opportunities exist for students acquiring a degree in Biochemistry. Our graduates are working in multinational companies, teaching and research organizations, Pharmaceutical companies, Biomedical companies, Forensic science laboratories, hospital and clinical laboratories and different public and private sector industries.

Graduates can also pursue an M.Phil. or Ph.D. in universities in Pakistan and abroad in areas such as clinical research, drug development, Nutritional Sciences, Bioinformatics Biomedical Science.

Specific Research Areas

- Clinical biochemistry
- Drug targeting and development
- Molecular genetics and genetic engineering
- Biotechnology
- Biophysics
- Bioinformatics
- Enzymology
- Neuropharmacology
- Molecular neurochemistry
- Proteomics and Genomics
- Nutritional science
- Psychopharmacology
- Toxicology
- Lipidomics

Facilities

Dr. Zain Memorial Library of the department of Biochemistry has the latest collection of books on Biochemistry with over 100 biochemistry related journals in print and/or with on-line access.

Computing Facilities:

Numerous research and other student groups operate computing clusters for research needs and coursework.

Equipment Facilities:

The department is equipped with cutting edge techniques like PCR, High Performance Liquid Chromatography Column Chromatography Spectrophotometer; Electrophoresis, Flame Photometry, Freeze Drying, Fluorimetry and Ultra centrifugation etc.

Faculty Members

Department of

Biotechnology

Introduction

Department of Biotechnology was established in 1996 by Professor Dr. Tashmeem F. Razzaki with an objective of imparting quality education in the multidisciplinary field of Biotechnology at graduate level. For many years this was the only Department across Pakistan offering graduate degree in the subject.

Biotechnology is the application of biological systems or processes to improve the value of materials or organisms for the benefit of mankind. Biotechnology offers technological solutions for many of the challenges facing the world ranging from curing of disease to xenotransplantation, nourishing the hungry to design newer food products, generating power to conserve energy, increasing magnitude to newer traits of crops, exploring metabolic prospective of microbes to exploit their potential, modeling of drugs to the development of regenerative and personalized medicine, conservation of cells to cryonics and recycling wastes to develop new bioscience products. To address these challenges, departmental laboratories are well equipped with state-of-the-art sophisticated instruments for the training of the students.

Career Opportunities

Graduates of this dynamic discipline have a wide variety of career opportunities in teaching and research institutes, pharmaceutical organizations, forensics and clinical laboratories, tissue culture laboratories, agro-based industry, food industry, polymer and textile industry, cosmetic industry, fuel industry, environmental organizations, forestry, fisheries, wildlife department, horticulture department and processing, certifying and patenting companies. Graduates are also trained to venture small to various level of entrepreneurship.

Specific Research Areas

The department is involved in vibrant research activities i.e. protein purification, enzyme production, characterization and immobilization, cell and tissue culture, biotransformation and metabolomics, screening of microorganisms for industrially important metabolites and viral diagnostic research.

Botany

Introduction

The Department of Botany, University of Karachi was established in 1953. The University at that time was located at Chand-Bibi Road, near Civil Hospital, Karachi. When the University moved into its present premises on 18th January 1960, the Department of Botany was initially located in 2 barracks. The present building of the Department of Botany with laboratories, lecture rooms and an auditorium was constructed in the late 1960s.

The Department offers over 70 different courses at undergraduate, post graduate and Ph.D. Levels to cater to the human resource requirements for teaching and research in the fields of education, agriculture, environment, NGOs, research organizations, pharmaceutical and other industries. In first and second year, the student starts their studies taking Botany as a major subject together with 2 subsidiary subjects from other Departments of the University.

In 3rd and 4th years, instead of the subsidiary subjects, they are required to study major subjects within the field of Botany. In M.Sc. Final, the students specialize in one of the branches of Botany which include: Applied Botany, Mycology & Plant Pathology, Plant Physiology, Plant Ecology, Phycology & Marine Botany and Plant Taxonomy.

Career Opportunities

Specialization in different branches of plant sciences offered by the Department is helpful in getting jobs in agriculture based organizations, research institutions, teaching in various colleges and universities and in environmental NGOs like WWF and IUCN.

Facilities

The Department has well equipped laboratories for undergraduate, graduate, post graduate and PhD studies and a vast collection of books and research papers in the Seminar library. Department of Botany has also established computer lab for fast track searching of study materials. It provides facilities to students for research on topics related to different fields of plants sciences. The Karachi University Herbarium in the Department of Botany has a vast collection of plant specimens collected from different regions of Pakistan, in addition to a large collection of specimens of algae and fungi. Department of Botany has established Shameel memorial library, Stress physiology and phenomics center and Biosaline research lab and experimental field for research and productivity.

Specific Research Areas

Faculty members are working in six specialized fields of plant sciences and are endeavoring to enhance knowledge of plant world. Following are the specific research areas:

1. Classical Taxonomy, Chemosystematics, Cytogenetics and Medicinal plants.
2. Plant Anatomy and Plant Tissue Culture.
3. Phycology, Marine Botany and Economic Importance of Seaweed.

4. Mycology, Plant Pathology, Fungal Biotechnology, Plant microbe interaction and Diagnosis of emerging and re-emerging plant diseases.
5. Plant Physiology, Plant enzymology, Biosaline Agriculture, Stress Physiology and phenomics.
6. Plant Ecology, Dendrochronology and Environmental Pollution, Halophytes utilization.

Member of the teaching staff have completed about 50 research projects with the support of national and international funding agencies. Currently several research projects are in progress. More than 2500 research papers have been published in journals of international repute by the teachers and researchers of the Department. The Pakistan Journal of Botany and International Journal of Biology and Biotechnology are also published from the Department of Botany, University of Karachi.

Department of

Chemistry

Introduction

Chemistry is a noble central science which helps to understand the origin of life and suggest ways to use non-living things for giving comfort to life. To train the young generation and to direct their approach to accomplish this task easily, it is necessary to make the students understand the principles underlying the composition, structure and properties of substances along with the transformation that they undergo. It is therefore obvious that chemical orientation cannot be imparted in isolation and has to be developed through a cocktail of physics and biology on one hand and engineering and applied sciences on the other. The Department of Chemistry, University of Karachi is well equipped for pursuing this goal having skilled and proficient faculty, well equipped laboratories and other infrastructure.

The Department of Chemistry is one of the oldest departments of University of Karachi. When the university was shifted to its present location, the department occupied one of the few newly constructed buildings and is still housed there for the last 63 years.

Career Opportunities

A person with a B.Sc. (Hons.) / M.Sc. degree in Chemistry has a wide choice of employment opportunities especially in one of the many industries listed below and research institutions that are emerging in the country. These include the; Textile Industry, Pharmaceutical Industry, Clinical Laboratories, Oil Refineries, Chemical Industry, Paint Industry, Cement Industry, Beverages & Food Product Industry, Analytical & Instrumental Service, agencies, Polymer Industry.

Specific Research Areas

Analytical, Inorganic, Industrial, Organic, Physical, Environmental, Pharmaceutical, Clinical and Polymer Chemistry.

Facilities

There were several libraries in the University of Karachi, which hold chemistry books and related technical journals. These include Department of Chemistry's own Seminar Library. This library has a stock of about 10,000 books and research journals on various fields of chemistry. The Department of Chemistry is equipped with many modern instruments for training of students for challenging careers and research. These include, pH/Ion meters, conductometers, polarimeters, refractometers, potentiometers, electrochemical analyzers, HPLC, atomic absorption spectrometers, UV-Visible spectrophotometers, FTIR Spectrometers, Guoy Balance for magnetic susceptibility measurements, flame photometers, computers, deionizers, analytical balances, ovens, furnaces, centri-fuges as well as a substantial stock of glassware and chemicals. A modern instrument laboratory has been furnished to house the new atomic absorption spectrometers, HPLC, GC, GC-MS nuclear magnetic resonance spectrometer as well as some other modern instruments. These and other instruments were acquired through a generous grant of

Rs.39.95 million provided by the Higher Education Commission. The department of chemistry has a internet available in almost every teachers room/research lab. Which is to the central facility through a fiber-optic link. Furthermore, the department also has a well equipped computer lab for 45 students.

Department of

Computer Science

Introduction

Since its inception, 32 years ago, the Department of Computer Science is imparting quality education in various Computer Science, Information & Communication Technologies and related disciplines. The Department of Computer Science was established by a resolution of Academic Council in its meeting held on November 27, 1984 and began functioning in the academic year 1985-86 by offering a two year degree program, Master of Computer Science (MCS). Then in 1996 stated 4 year degree undergraduate BS (Computer Science), and a two year graduate program MS (Computer Science) as well as Ph.D. (Computer Science). The Department is also offering BS (Software Engineering) since last 16 years.

Alumni of the department are not only serving top international and national organizations, governments, science and technology institutions and other organizations for their business as well as development and research. Many of them have created unconventional state of art solution needed by industry; own University-Spinoff companies, authors of books published by world renowned publishers.

The faculty and alumni have published and presented hundreds of research papers in reputed journals and conferences.

Career Opportunities

Excellent career opportunities exist for the graduates of Department of Computer Science. More than 80% of graduates are immediately hired by top ranking software houses and other institutions. Top software houses are in contact with the department and conduct job tests and hire students even before their graduation. We are proud that our graduates are working in top international organizations and there are graduates who become entrepreneur and running their own entrepreneurial businesses.

Facilities

Computing Facilities

The new building of the Department of Computer Science (UBIT) is fully equipped with latest technology for students to get hands-on experience on different platforms of both hardware and software fields of computer science. Each lab is equipped with latest high end user computing facilities. The internet facility is available round the clock in all the labs, which enables students and faculty members to keep in touch with the latest trends in academic and the corporate world. The department is continuously upgrading the computing infrastructure according to the market demands. Following labs are functioning in the department:

- Physics Laboratory
- Electronics Laboratory

- Networking Laboratory
- Software Engineering Laboratory
- AI & Soft Computing Laboratory
- Database and Information System Laboratory
- Graphics and Multimedia Laboratory
- General purpose Computing Laboratory

Seminar Library

The department also provides an in-house seminar library facility which contains more than a thousand books on computer science/IT and related disciplines along with IT/CS magazines, international research journals and periodicals.

Specific Research Areas

More than 300 Research Articles have been published by faculty members of this department. The department has also produced Ph.Ds during the past few years and over 25 candidates are on their way to the completion of their MS (CS) and Ph.D. (Computer Science) research work. Our research areas include: Artificial Intelligence, Soft Computing, Neural Networks, Advance Database systems (temporal and fuzzy), MIS, Computer Networks, Network Security, Parallel & Distributed Computing, Natural Language Processing etc.

Faculty Members

Assistant Professors

- Mr. Badar Sami (*In charge*)
- Dr. Syed Jamal Husain
- Dr. M. Sadiq Ali Khan
- Dr. Muhammad Saeed
- Mr. S. M. Khalid Jamal
- Mr. Farhan Ahmed Siddiqui

Institute of

Environmental Studies

Introduction

The subject of environmental studies is interdisciplinary, in which the relationships of humans with their physical, biological and social environments are discoursed. The subject provides an integrated approach to the understanding and the solution of the environmental issues that range from the human community health to the global climate change. The subject emphasizes the importance of sustainable development to ensure the continuous supply of materials and constant removal of wastes and recovery from the damages that occurs due to human's activities, particularly after Industrial Revolution.

The Institute of Environmental Studies was founded in 1982 for developing the human resources to address the environmental issues of the country. This is the oldest institute in the field of environmental studies. Initially the institute offered M. Phil and Ph. D. Programmes. Later, in 1996, the Evening Programme was started for offering M.Sc. degree. Currently the Institute of Environmental Studies offers B.Sc. (Hons.), M.Sc., M.Phil, and Ph.D. degrees in both the Evening and the Morning Programmes. So far, the Institute has produced five Ph.D. scholars and hundreds of M.Sc. graduates. The Institute's graduates are currently serving in a number of national and international organizations.

The Institute provides air-conditioned lecture halls, laboratories, audio-visual facilities for the students. The Institute enjoys focal position on a number of environmental issues and activities for many national and international organizations such as WHO, UNEP, IUCN, WWF, LEADS etc. The Institute has organized many national and international workshops and seminars in collaboration with the Higher Education Commission and the Ministry of Health and Environment. The Institute has many Ph. D. faculty members which regularly publish their research works in various national and international journals.

Apart from regular teaching and research, the Institute has been regularly organizing short-term training activities for in-service personnel and for those who are involved in research and development programmes. The Mission of the Institute is to produce highly skilled man-power who could handle contemporary environmental issues and well-being of mankind, disseminate, apply and use knowledge of environment and related fields to meet the basic human needs for the improvement of environmental quality and to meet the Millennium Development Goals (MDG).

Career Opportunities

After completing the B.Sc. (Hons.), M.Sc., M.Phil, and Ph.D. degree programmes, the graduate would be able to take up managerial, technical and consultative responsibilities in various industries, multinational companies, civic agencies, consulting firms, environmental health laboratories and organizations, educational and research institutions and environmental protection agencies (EPAs). The Evening Programme of the Institute provides an excellent opportunity for the in-service professionals, particularly those who are engaged in any environment related occupation to enhance their education and understanding of the subject.

Facilities

The Institute is equipped with advanced laboratories, an updated library and modern equipments that help in researching on the global issues.

Specific Research Areas

- Global Climate Change and its impacts in Pakistan
- Capable of designing and developing low cost wastewater treatment and disposal systems for small and medium size communities.
- Agriculture sustainability through the use of treated wastewater.
- Treatment of water for potable use
- Public health aspects of wastewater treatment, disposal and reuse.
- Wastewater reclamation technology in hot climate for agriculture and fish culture.
- Capable of developing environmental health programme for monitoring and surveillance of water supply and sanitation.
- Industrial pollution control and management.
- Environmental hygiene (food and water hygiene and safety)
- Environmental Impact Assessment
- Marine pollution and control
- Ecological studies
- Biodegradation of hazardous waste
- Urban forestry and urban greening
- Coastal and Marine Conservation
- Air and noise pollution
- Ocean-atmosphere process and biological productivity
- Environmental Remote Sensing

Faculty Members

Professors

- Dr. Tariq Masood Ali Khan
- Dr. Omm-e-Hani (*Director*)
- Dr. Moazzam Ali Khan (*Registrar*)

Department of

Food Science & Technology

Introduction

The department of Food Science & Technology was established in 1994 to cater to the needs of the fast growing food industries in the country and also to meet the ever growing demand for food scientists and technologists in government, research and educational establishments. Over the years, the department has developed linkages with universities in Germany, UK and U.S.A. The Department has also been involved in organizing workshops, seminars, conferences and training courses. Presently it enjoys a very good rapport with both national and multinational food industries of Pakistan.

Career Opportunities

- Food Technologist
- Food Engineer
- Food Analyst
- Production Manager
- Quality Control/Assurance Manager
- Food Safety Inspector
- Food Researcher
- Research and Development Manager

Facilities

Laboratory Facilities

The new building of the Department has eight major laboratories equipped with all basic facilities. The laboratories included Food Engineering, Food Chemistry, Food Microbiology, Food Quality, Food Analysis, Food Biochemistry and Post-Harvest, Food Analytical and Computer/I.T. These laboratories are equipped with state-of-the-art sophisticated instruments namely Differential Scanning Calorimeter, Universal Testing Machine, Visco-Amylograph, Bomb Calorimeter, UV Visible and Near Infra Red Spectrophotometers, Polarimeter, Atomic Absorption, Gas and High Performance Liquid Chromatography.

Specific Research Areas

- Post-Harvest lives of fruits and vegetables
- Edible films and coatings
- Modified Starches
- Antioxidants
- Flavonoids

Faculty Members

Professors

- Dr. Muhammad Abid Hasnain
- Dr. Jehan Ara
- Dr. Syed Asad Sayeed (*Chairman*)

Associate Professor

- Dr. Shahina Naz

Department of

Health, Physical Education & Sports Sciences

Introduction

The department was established in 1996. Initially it introduced one year Masters program in physical education after Bachelor of Physical Education (B.P.ED).

The 2-year Masters program was introduced in 2001. The department introduced B.Sc.(Honors) Program in January 2012.

The department of Health, Physical Education & Sports Sciences provides students with knowledge and skills to enable them to achieve a degree of autonomy in developing and maintaining their physical, mental, social and emotional health. The subject matter focuses on the importance of a healthy lifestyle and physical activity in the lives of individuals and groups in society.

Career Opportunities

Our graduates can teach physical education in public and private schools, coach school-based sports and work in many other sports and recreation related careers.

A master's degree in Health, Physical Education & Sports Sciences will prepare graduates to teach physical education at a public and private high school/college/University, or become a Director/Deputy Director of Physical Education Program or become an athletic trainer or can be a fitness instructor. Furthermore, people with a physical education degree could find themselves working in city parks and recreation departments.

Facilities

The department is equipped with all the required practical facilities. A variety of sports facilities including playing fields for cricket, hockey, football and athletics, a squash court and indoor games facilities in the campus gymnasium are also available.

Every year competitive sports for both male and female students are organized at inter-departmental, inter-collegiate and inter-university levels through a variety of sports like hockey, football, cricket, badminton, athletic, etc.

The department plans to establish a fully equipped Human Performance Laboratory to incorporate the

latest techniques and performance analysis methodologies.

Specific Research Areas

The Health, Physical Education & Sports Sciences has a broader scope for research in the field of Kinesiology; Exercise Physiology, Socioeconomic impact of Physical Education, Curriculum development and etc.

The basic and applied research can be done in the field of Kinesiology, Exercise Physiology and other subjects.

Due to the availability of a wide variety of topics, both qualitative & quantitative research can be done easily.

Institute of

Space & Planetary Astrophysics

Introduction

The main objective of Institute of Space and Planetary Astrophysics (ISPA), University of Karachi is to promote Space Science Education in Pakistan and to carry out research in Space Science and Technology. The institute has already produced quality research work in diversifies areas of Space Science. ISPA has collaboration with Pakistan Space Agency SUPARCO, Centre for Astrophysics and Supercomputing, Swinburne University of Technology, Australia and School of Marine and Atmospheric Science, Stony Brook University, NY, USA.

ISPA is offering admission to B.Sc. (Hons.) degree program in Space Sciences and Technology in the Evening Program. This program will provide a broader background for understanding linkages between Space Science, Engineering and Technology, In fact, the undergraduate program is multi-disciplinary program which include Electronics, Digital Signal Processing, Communications Systems, Satellite Communication, Global Navigation Satellite System, Aero-Space Science, Computational Astronomy, Computer Programming and Remote Sensing & GIS.

Career Opportunities

Our graduates will have job opening in Telecommunications Corporations Ltd. National Telecommunications Corporations. Pakistan Sui Sothern Gas Company and Oil and Gas Development Ltd. SUPARCO, NESCOM, Civil Aviation Authority, PIA, Pakistan Meteorological Department, etc.

Facilities

- ISPA Observatory is equipped with Meade 16 inch I,X-200 Coma free telescope automated equatorial pier mount, CCD camera including computers, filters, weather station and software. We have also one movable telescope.
- **Computational Astronomy Lab:** The computer lab is equipped with space science related software.
- GIS Lab
- GPS Lab
- Digital Library
- Seminar Library

Specific Research Areas

- Computational and Observational Astronomy
- Cosmology / Astrophysics
- Space Flight Dynamics
- Global Navigation Satellite System (GNSS)
- Satellite Communication / Space Antennas
- Remote Sensing and Geographical Information Systems (GIS)
- Atmospheric Science
- Solar and Ionospheric physics

Faculty Members

Professors

- Dr. Muhammad Jawed Iqbal (*Director*)

Department of

Mathematics

Introduction

The Department of Mathematics was established in 1956. Prof. Dr. Suleman Kerawala was the Founder Chairman. Many new courses including Applied Abstract Algebra, Biomathematics have been introduced to highlight the application of Mathematics in different fields. The mission of the Department is to bring life to Mathematics and Mathematics for life. Areas of Pure Mathematics, Applied Mathematics and Interdisciplinary Mathematics are being pursued in teaching and research. At all levels, students are instructed in the rigor and precision characteristics of Mathematical Reasoning. They are facilitated to become acquainted with the elementary tools of Mathematics and the techniques to use them. The Department has many Ph.D. faculty members which regularly publish their research work in National and International Journals.

Career Opportunities

Our graduates have been employed in the Educational, Financial, Industrial and Commercial Institutes. They can opt for any of the following professions: High School Mathematics Teacher, College Mathematics Professor, Actuary, Software Designer, Biostatistician, Government Lab Researcher, Financial Analyst, Industry Analyst/Engineer, Education Materials Developer, Industry Consultant and Supraco etc.

Facilities

The Department offers peaceful environment and provides all modern facilities to students. This is the second largest Department of the Faculty of Science, with three-story building consisting of many rooms, computer laboratory with internet facility and seminar library having three thousand books. To keep the students informed and updated with the latest developments in the modern era, Department organizes seminars and workshops for faculty members and students. The Faculty Members and students actively participate in local, national and international mathematical activities and conferences.

Specific Research Areas

The Faculty is engaged in research in the following areas:

- Algebra
- Astrodynamics
- Fluid Dynamics
- Mathematical Physics
- Numerical Analysis
- Operational Research
- Relativity and Gravitation

The Ph.D. program facilitates young researchers in getting the experience necessary to do original research in areas of their interest.

Faculty Members

Department of

Microbiology

Introduction

The department of Microbiology was established in 1957. This was the first and only department of Microbiology, for many years in this country offering undergraduate and postgraduate degrees.

Microbiology is a broad discipline with both basic and applied aspects. Therefore, microbiologists must have a good understanding about microbial taxonomy, genetics, immunology and physiology to identify these agents, explore their metabolic potential on commercial levels and to manipulate these organisms for the betterment of humanity. The study of microorganisms and their potential is also necessary for the production of bread, cheese, antibiotics, vaccines, vitamins and many other important products. Microorganisms are involved in causing serious infections in humans, animals and plants.

Because of the importance of the subject and its applicability, this department is now regarded as one of the best departments within the Faculty of Science. As a result this department has become one of the popular departments and a large number of students opt to study Microbiology.

Career opportunities

A person with M.Sc. in Microbiology has a choice of employment opportunities in the following organizations:

- Pathological/ clinical/ hospital laboratories
- Food and beverage industry and agriculture
- Pharmaceutical industry
- Biotechnology industry
- KWSB/ KMC/ R & D organizations
- University/ colleges teaching and research
- Epidemiological monitoring programs
- Environmental monitoring and impact assessments

Facilities

Laboratory and Lecture Rooms

The department has 10 laboratories and 3 lecture hall/rooms where theory and practical classes are held. In addition to this, there are 3 media preparation rooms.

Cold Room Facility

The department of Microbiology is the only teaching department which possesses cold room where the research experiment at below ambient temperature can be conducted.

Computer Lab.

The lab with internet facility is available to all students.

Research Lab.

A separate equipped lab. is allocated for research students

Specific Research Areas

Research scholars are working on exceptionally diverse area of microbiology including: various fields in biochemistry, genetics, clinical microbiology, mechanisms of microbial virulence, epidemiological studies, studies on microbial enzymes of industrial importance, biotransformation, studies on bioactivities of microbial metabolites, immunological aspects of diagnosis, molecular aspects of disease diagnosis and microbial control, bacteriocins, bioactivities of natural products, molecular biology of phages, biodiversity & Environment exploration of biotechnological potential of microorganisms and many others.

Faculty Members

Professors

- Dr. Tasneem Adam Ali (*Chairperson*)
- Dr. Fasihuddin A. Ansari

Associate Professors

Department of

Petroleum Technology

Introduction

Petroleum Technology masters program of the University of Karachi was initiated in 1996 in the evening program, while in the morning program it was introduced in 2004. From the session 2013-14 also started B.Sc.(H) in morning program. The program aims to meet the future technical and professional requirements in petroleum industry. It is a multi-disciplinary program of the Faculty of Science/Engineering organized in collaboration with petroleum industry.

The program aims to impart theoretical and practical knowledge in upstream and downstream activities of petroleum industry such as chemistry, geology, drilling, exploration, production, reservoir, pipeline, corrosion, natural gas, LPG, refining technologies, environmental impact, health and safety designs, petroleum logistics, marketing and management, etc.

The Department of Petroleum Technology has produced a large number of graduates holds positions in national and international organizations.

Career Opportunities

Students obtaining a Master's degree in Petroleum Technology can easily get jobs in Pakistan, middle East and other countries. A Petroleum technologist is required by petroleum industry at every stage i.e. exploration and development of oil and gas fields, transportation and distillation of crude in refineries, distribution and marketing of its products.

Facilities

Internship and training programs are arranged for students in various sectors of oil and gas industries such as oil companies, refineries and services companies, i.e. Pakistan Oilfield Limited, Oil and Gas Development Corporation, National Refinery, Pakistan Refinery, Pak Arab Refinery, Byco Refinery, Pakistan State Oil Ltd, Shell Pakistan, EUP Pakistan, Sui Southern Gas Co Ltd, Baker Hughes, Halliburton Ltd, Marathon Construction, Mari Gas, MOL Pakistan, Nuricon, OMV Pakistan etc. This will help in preparing prospective candidates for petroleum industry.

Department also organized technical lectures and seminars conducted by professionals to develop sound knowledge and skill in the students for their career building. Students also participate in students chapters of many learned societies such as SPE, PAPG, KUPTAA. Field works in the various industries/areas are conducted by the department for student's practical training/knowledge.

Faculty Members

Associate Professor

- Mr. Nadeem Ahmed Khan (*Chairman*)

Department of

Physics

Introduction

The department of Physics at Karachi University aims to ensure the delivery of quality education to students of Physics, extending from graduation to Ph.D. In view of the rapid development in science & technology, it is now necessary to enhance awareness and promote the real research in various branches of Physics. All faculty member of the Physics department are endeavoring to fulfill the state of the art requirements for various academic and technological applications.

Career Opportunities

Once completing a degree in Physics with good grades, there are bright chances of acquiring employment in government's organization and in private sector. For higher studies leading to M.Phil./Ph.D., interested students may proceed abroad or continue their education within the country.

Facilities

Beside teaching laboratories, the department has a number of other laboratories for research purpose.

Below is the list of some facilities:

- Spectroscopy Research Laboratory
- Solid State Research Laboratory
- Condensed Matter Research Laboratory
- Electronics Laboratory
- Computer Laboratory
- A Liquid Nitrogen Plant
- Seminar Library
- Mechanical Workshop
- Glass Blowing Section

Specific Research Areas

An important and perhaps the most significant aspect of learning Physics is that it is an experimental science, not an abstract intellectual discipline. Its implications relate continually to our everyday experience. Presently M.Phil./Ph.D. programs are in progress and research studies in various fields are being going on. It these studies collaboration from other organization / institutes is also sought when needed.

Qualified faculty members are actively engaged in research areas such as:

- Spectroscopy
- Medical Physics
- Environmental Science
- Space Physics
- Theoretical Physics
- Material Science
- Optics

Faculty Members

Department of

Physiology

Introduction

The Department of Physiology is an important segment of the Faculty of Science, University of Karachi and occupies a very prominent place in the modern age of Biosciences, Clinical/Biomedical Sciences and other Applied Biological Sciences. This department, founded by Prof. Dr. M. H. Qazi, in 1964, was the first one outside medical colleges to introduce teaching and research programs in Basic and Experimental Physiology at the graduate and postgraduate levels. Currently, the department has 21 faculty members, 17 supporting staff members and more than 1000 students. Several renowned Professors are the pioneer faculty members of the department and are presently serving on key posts in various organizations.

Facilities

The department has sufficient facilities necessary to run the academic and research activities such as:

- Well Equipped Labs for students & researchers
- Audiovisual Aids like Over head projectors, multimedia, Camera and television for interactive teaching.
- A well organized Seminar Library with up to date textbooks and references on various disciplines of Physiology.
- Basic & ultimate Power Lab for laboratory experiments & demonstrations.
- Computer facilities are available in all special units for researchers. A separate computer laboratory is also available for academic & research activities.
- Internship facilities for students in different organizations are available.

Career Opportunities

Physiology is the core of medical research being done all over the world. Dozens of foreign scholarships for advanced studies in physiology. Physiologist are required in number of places, like, pharmaceutical industry, health monitoring departments, biosynthetic industry, instrumentation in biomedical sciences, health related organizations, population welfare divisions, agriculture, livestock, and poultry industry, diagnostic laboratories, occupational therapies, physiotherapy centers, nutritional/ sports centers, radiological institutions, biotechnology, bioinformatics, bioengineering, synthetic biology, nursing, medical universities, hospitals, diagnostic laboratories, pharmaceutical industry, research and teaching institutions.

Specific Research Areas

A great deal of research at M.Phil & Ph.D levels is conducted in different disciplines of Physiology such as Neuromuscular Physiology, Pathophysiology, Hematology, Molecular Physiology & Biophysics, Molecular & clinical Endocrinology and Reproduction and Poultry Physiology which is being done in collaboration with K&Ns Poultry diagnostic & research laboratory. Currently more than 25 research scholars are registered in their M.Phil. / Ph.D. program in various disciplines including clinicians from hospitals and medical universities.

Blood disorders; Endocrine/Metabolic & Reproductive abnormalities, especially, Diabetes mellitus, Metabolic Syndrome, Infertility, PCOS Breast cancer: Reproductive Changes in marine models; Poultry Vaccinology, diseases and molecular studies of disease mechanism; Neuromuscular disorders; Oxidative stress.

Department of **Statistics**

Introduction

The department of Statistics was established in the year 1963. Both in terms of physical facilities and academic facilities the department of Statistics is one of the most popular departments within the university.

Career Opportunities

The opportunities are open for the students of Statistics and Actuarial Sciences and Risk Management in all fields including banks, industries, Government Organization (FBS, SBS, PBS, State Bank, etc.), Research Organizations, insurance and investment fields.

Facilities

The department has a Seminar Library and data bank stocked with a number of latest and good books on all branches of statistics. The Library has also a large collection of statistical publications of national and international organizations. The students and researchers are also using the facilities of data bank in the department that has several computer laboratories having more than 100 computers.

Well-equipped Computer Laboratories with an environment of networking and statistical packages such as SAS, SPSS, S-PLUS, R.STATA, EVIEWS, MATHEMATICA, MATLAB, MINITAB, ITSM etc. are available for students and researchers.

Faculty Members

Professors

- Dr. S. Afrozuddin Ahme (*Dean*)
- Dr. Mudassir Uddin

Associate Professors

- Mr. Muhammad Aslam (*Chairman*)
- Dr. Ehtesham Hussain

Assistant Professors

- Mrs. Rafia Shafi
- Dr. Farah Yasmeen
- Dr. Javed Iqbal
- Dr. Arfa Maqsood
- Dr. Suboohi Safdar
- Dr. Bushra Shamshad
- Ms. Samreen Fatima
- Dr. Sara Azhar

Lecturers

- Ms. Rahat Bibi
- Ms. Tanzila Yaqoob
- Ms. Zara Omar
- Ms. Saba Naz
- Mr. Tayyab Raza Fraz

Evening Programs Available

- B.A./B.Sc.(Hons.)
- BS (Actuarial Sciences & Risk Management)

Department of

Zoology

Introduction

The department of Zoology was established in 1951 and now it holds a pivotal position in the faculty of Science. Right from its inception, the department has imparted quality education at B.Sc. and M.Sc. levels. It also provides facilities for post-graduate research leading to M.Phil. and Ph.D. degrees. Presently almost all the faculty members are Ph.D. degree holders. More than 80 research projects funded and sponsored by national as well as international agencies have been successfully completed by the faculty members. Three research journals are edited by our faculty members: (i) Wildlife and Natural History (ii) International Journal of Biological Research (iii) Pakistan Journal of Entomology (HEC recognized). We are proud to mention that more than two thousand (2000) research paper by the faculty members of Zoology have been published in national and international research journals. Besides the publication of research papers, our faculty members have published books as well (50 in number).

Career Opportunities

The graduates of Zoology get jobs as teachers of Zoology in Universities. Colleges and Schools, as subject experts in various Educational Boards. Job opportunities are available in the Department of Agriculture, Agriculture Extension Department. Department of Forestry, Plant Protection, Freshwater Fisheries. Marine Fisheries Department, Fish Processing Industries, Coastal Development, Marine Observatories. Environmental Protection Agency (EPA). Fisheries Harbour Authority. Naval Hydrography and Shipping Industries, Wildlife Department, Foods and Resource Economics, Medicine Companies. Slat Aquaculture and Industries. Zoological Survey, Zoological Gardens. Safari Parks, Pakistan Council of Scientific and Industrial Research, National Institute of Oceanography, Pakistan Agricultural Research Council. IUCN, Public and Private sectors pathological laboratories, Pakistan Atomic Energy Commission; Entomology section. Pesticide companies and pest control agencies. Pakistan Central Cotton Committee, Govt. of Pakistan Horticulture Department, Quarantine Department, Armed Forces Pest Control Positions, Hospitals. Companies level pest control position. Govt. Health Department. Malaria Management Department etc. They are also hired by Forestry Departments. Middle East and Far East Countries for aquaculture industries related to marine resources and pest control.

Facilities

The department has a Computer Lab and Instrument Labs of Toxicology and Hydrology containing Atomic Absorption HPLC. and GLC, Graphite Furnace, Colorimeter. Spectrophotometer and latest microscopic photographic system. In addition to the instrument Labs, the department has a Zoological Museum which occupies a special place among the museums of Pakistani universities. It has a huge collection of vertebrates and invertebrates from James Murray's collection and substantial collection of fresh water and Marine fauna of Arabian Sea, Persian Gulf and Indian Ocean. Since the establishment of the Department a considerable addition of insects has been made from various areas of Pakistan, Bangladesh including Oriental, Trans-Himalayan (Palearctic) and Ethiopian region from Lasbela

and Mekran Coast. Work on fish taxonomy and pathology (freshwater and marine), protozoans helminthes, insects and other arthropods is undertaken by trained and experienced staff. The department is also working in collaboration with outstanding taxonomists in Japan, Europe, U.S.A. and Canada.

Specific Research Areas

The department also gives opportunity for research to the students, who specialize in M.Sc.

- Applied Zoology
- Entomology
- Limnology and Freshwater Fishery Biology
- Marine Zoology
- Parasitology
- Wildlife and Fisheries

Department of

Arabic

Introduction

The department of Arabic is enjoying the patronage of renowned scholars of international repute. The cautiously designed syllabus has considered the needs of students and the contemporary literary world that is a confluence of ancient and modern Arabic Literature, Language and Linguistics. Besides academic activities, co-curricular activities are also stressed like extension lectures, debates, study tours, picnics and other events to discover, enhance and polish the abilities and talent of the students.

At present fifty seven (57) courses of Arabic Literature, Language and Linguistics are taught including computer and research methodology.

Facilities

There is a well-stocked Seminar Library in the department containing books on almost all relevant subjects, a state-of-the-art Computer Lab with internet facility and modern audiovisual aids.

Career Opportunities

The degree in Arabic would prove to be a key of success opening the doors of diversified fields such as teaching, translation, (academic, diplomatic and commercial etc.) and in electronic media as well.

Department of

Economics

Introduction

The department of Economics is one of the largest departments in the Faculty of Social Sciences. It was established in 1950-51 with the enactment of the University of Karachi Act, at the old campus in the city, and was later shifted to its present location in 1960. Professor Newman Joseph Adams, an American national, was appointed as the first Chairman of the department. Due to its academic stance the department of Economics has the distinction of being recognized as a premier department in the country. Many of its graduates, have had secured key positions at various national as well as international organizations. It is because of these standards that the department was accorded with the honor of establishing a center of national capability in Economics by the name of "Applied Economics Research Center" through a grant from the Sindh Government.

Facilities

The seminar library has a good collection of books and periodicals related to Economics, Finance and Transport. In order to fill the gaps, an inter-library books borrowing and lending facilities are also available with other major libraries in the city. The department has two well-equipped computer labs.

Specific Research Areas

The research interest of the teaching faculty includes: International / Global Economics; Monetary Economics; Islamic Economics; Innovation & Productivity; Globalization Economics Growth; Development Economics; Banking & Finance; Human Resource Management and Financial Economics.

Career Opportunities

Graduation from Economics Department provides an opportunity of fresh graduates to secure respectable positions in various national and international institutions. They include State Bank of Pakistan; Planning Commission; Ministry of Finance & Economics Affairs; national and private banks; research institutions and finance & brokerage companies; teaching positions in universities and colleges; and mid-career level managerial position in national and multinational companies.

Department of

Library and Information Science

Introduction

Department of Library Science, established in 1956, was the first ever to offer professional degree in Pakistan. Masters in Library Science (M.L.S.) has been offered since 1962. Since 1982 the Department has been known as Department of Library and Information Science, and information control / management became an integral part of the studies. Computer lab for practical training was established in 1984. Ph.D. Program of the Department was initiated in 1967.

The founder Chairman, Dr. Abdul Moid was the first Ph. D. holder in Library Science from the USA (1964). He was also the Chief Librarian of Karachi University Library (presently Dr. Mahmood Hussain Library). The Seminar library of the Department, inaugurated in 1985, is named after him.

Facilities

The Department of Library and Information Science has a well-stocked seminar library, a practical lab for cataloguing and classification and well equipped computer lab having 34 PCs with the facility of networking and Internet. Multimedia, slide projectors, sound system and other equipment are available for academic and co-academic activities.

Specific Research Areas

Research is actively pursued by the faculty in their respective fields of interest. The students are required to produce research at various levels, ranging from short assignments to the optional Final year thesis.

Career Opportunities

As knowledge and information is needed by everyone and everywhere, all types of academic / research/ professional institutions need librarians. The need of a trained person to control and to search relevant information in the modern time has become a necessity. Opportunities for outgoing students are open in public and private sector and packages offered are better in comparison to other professions. In government offices, BLIS / BS degree holders are offered 16/17 (BPS) and MLIS 17 (BPS) and above.

Department of

Mass Communication

Introduction

Established as Department of Journalism in 1955 with a diploma course for working journalists, it was renamed as Department of Mass Communication in 1985. The department was established with an aim to produce qualified and trained journalists and media professional to cater to the growing needs of the media industry. A full-fledged M.A. program replaced the diploma program in 1962 to modernize media education in the country.

Facilities

The department has sufficiently equipped six teaching and training labs, TV lab, news lab, advertising lab and two computer labs, (one each for Urdu and English). The department runs FM Radio channel which provides a training base for the students in radio broadcasting.

Career Opportunities

Students have wide job opportunities in the growing industry including media and advertising and public relations. Some of the students conveniently find positions in private sector FM radio and TV channels and print media even before passing out.

At both Bachelors and Masters level the department offers specialization in three different streams;

- Print Media
- Electronic Media
- Advertising and Public Relations

Department of

Persian

Introduction

The department of Persian was established in 1955 with a view to provide facilities for advanced studies and research in the fields of Persian language and literature with particular emphasis on the literature produced in the Indo-Pak subcontinent during the last nine centuries, and to familiarize the younger generation of this country with the history, language and literature of Iran. Professor Dr. Ghulam Sarwar was the founder Chairman of the department.

Facilities

Seminar Library:

The seminar library holds a stock of more than 5000 books and 1500 journals. It also has a good number of rare printed works, audiotapes and discs. Besides, the personal collections of the teachers, which exceed 2000 titles, are also available to the readers within the premises of the department.

Additional Language Support Classes:

The department of Persian also arranges special conversational classes, which aim at developing the Persian speaking power of the student with correct pronunciation and accent. The department has recently acquired necessary audiovisual equipment for this purpose.

Seminar/Lecture Program:

The co-curricular program also involves seminars and lectures delivered by renowned scholars on topics mostly relating to Persian language and literature. These programs aim at enhancing the academic capability and talents of the students.

Specific Research Areas

- Modern and classical prose & writers of Iran, Pakistan, India and Afghanistan
- Classical & modern poetry
- Poets of Iran, Pakistan, India and Afghanistan
- Sufistic prose & poetry-History of Persian literature impact of Persian language and literature, culture on different fields of life.

Career Opportunities

Students of this department continue to enter a variety of vocational fields, some of which are CSS, Advertising, Media, Banking, Business, Translation / Interpreting, Teaching, Educational Administration & Research, News agencies, Foreign Ministry etc.

Department of

Political Science

Introduction

The department of Political Science was established in 1952. It has since then initiated programs for the award of research degrees of M. Phil. and Ph.D. in Political Science and its allied fields.

The Department of Political Science has been playing an important role in the overall development of the University. It has been the mother of the Department of International Relations, Sociology and Public Administration. At present the department is second in the Faculty of Social Sciences, after Economics, in terms of the number of students enrolled.

Facilities

The department has a fully functional Seminar Library with over 2000 books. Most of the books are recent publications in the subject in both English and Urdu. The library also offers dailies, periodicals and research journals for reading to its students. Moreover, there is a well equipped specialized Library with latest books and periodicals in all the areas relevant to Public Policy. The Library maintains a reference section which has a reasonable collection of books for ready reference. Thus the Library provides a very supportive environment for research activities.

Computer Lab

The Computer Lab is equipped with high speed computers, printers and scanner facilities. These computers are networked with a server and a stand by server. Audio/ Visual aids including multimedia option are used during presentations/lectures. Internet access is also available to the students.

Specific Research Areas

Global Politics, Political Economy, International Relations, Comparative Politics, Islamic Political System, Government and Politics of Pakistan, Western Political Theory, Foreign Policy Theory and practice with reference to India, USA, UK, China and the Muslim countries.

Career Opportunities

In addition to teaching and research positions in academic settings, Political Science degree holders are

prepared for careers at all levels of government as well as journalism, International business, International risk analysis and Political campaign organization their skills of surveys and statistical analysis is in high demand in the public and private sectors. Their knowledge and scientific education on current affairs, both national and international, caters to the needs of the job market especially competitive exams.

Department of

Psychology

Introduction

The department of Psychology came into existence in 1954 under the Chairmanship of Professor Dr. Qazi Aslam. It gradually attracted both students and teachers with the result that teaching and research psychologists like Dr. Haseen Uddin Zuberi, Dr. S. M. Hafeez Zaid, Dr. Farrukh Z. Ahmed, Dr. Afzal Imam and Dr. M. Wasim led the department to its present academic heights. It has now become one of the leading departments in the Faculty of Social Sciences.

Since 1956, the teaching and practice of Clinical psychology has enjoyed popularity both amongst teachers and students of the department.

Teachers of the department are also members of the Sindh Psychological Association and the Pakistan Psychological Association. They further act as subject specialists in the Provincial and Federal Public service commission for the appointment of teachers in colleges. Seminars, lectures, mental health camps, conferences and professional development courses, etc. are arranged for the students so that they remain updated with current activities and will be able to grow intellectually.

Facilities

The department's library has a collection of over 800 books. This large collection includes latest Books, publications and encyclopedias. The department is fully equipped with audio-visual aids for meeting the instructional needs.

The Department of Psychology is committed for mental health awareness, and continuously offering Psychological Services which includes, Assessment Counseling and Psychotherapies to the students, faculty, staff members and community at large.

Specific Research Areas

The Faculty members are actively involved in pursuing important areas in research. Some research topics include: child development relationship, gender issues, community psychology, therapeutic techniques and diagnosis, organizational behavior, consumer behavior, social and psychological issues.

Career Opportunities

After doing Masters in Psychology (Clinical/ Industrial/Educational /Investigative Psychology), the students can pursue careers in any of the following fields:

- Organization
- Clinical Setup
- Educational Institutes
- Law Enforcement Agencies
- The Armed Forces etc.
- NGOs

Department of

Social Work

Introduction

The Department of Social Work was established in 1961 and it has continuously responded to the societal and corporate needs by developing trained professional social workers. The department boasts of having very successful alumni.

The department strives to strike the right balance by creating a strong base of theoretical inputs combined with a rigorous Industrial /NGO exposure of nearly 12 credit hours, through the fieldwork training which is an important part of the curriculum. Through this training, students are provided opportunities to integrate their theoretical knowledge with the practical world and enquire hands on experience to deal with the variety of complex societal problems as challenges. The students are placed in government and non government organizations for obtaining knowledge in the fields of community development, school social work, and medical social work. The students of M.A. final year are bound to carry-out research projects to be submitted at the end of the year.

Facilities

The Department of Social Work has a well stocked library with more than 1000 books, theses, journals, reports and periodicals. Department is also equipped with an Audio Visual Lab recently named as “Abdul Sattar Edhi Research Lab.”

Specific Research Areas

The research activities are related to all the social problems at large. Community development, public health issues as well as institutional studies are allied research areas.

Career Opportunities

Job placements for social work graduates are:

- Ministry of Social Welfare and special Education
- Women Development
- Bait-ul-Mal Department
- Medical Social Service Projects, CDGK, RCD projects, Jails, etc.
- Ministry of Population Welfare
- Ministry of Labour Welfare
- Educational Institutions
- Research Organizations
- Health Care Organizations

- Administrative positions in National and International NGOs
- Planning and Development organizations
- Urban and Rural Community Development Projects
- Family & Child Welfare
- Criminology and Correctional Administration
- School Social Work

Department of

Urdu

Introduction

The department of Urdu officially came into existence in 1955 when the University of Karachi decided to organize postgraduate classes in Urdu under its own management instead of through the colleges.

At the time of its establishment. Moulvi Abdul Haq, *Baba-e-Urdu* was made honorary Professor and the Chairman of the Department. Teaching responsibilities were carried out by the teachers of local colleges. Later Dr. Ghulam Mustafa Khan, a prominent scholar and Professor at Urdu College Karachi, was appointed both as a cooperative teacher and as the Chairman of the department. In the same year. Dr. Abul Lais Siddiqui was appointed as a Reader and Chairman and Dr. Abdul Qayyum, Dr. Syed Shah Ali, and Qudratullah Fatimi joined as lecturers.

With the valuable efforts and abilities of these teachers and scholars, the department has kept making progress. The following famous academics have been associated with the Urdu department. Dr. Syed Abul Khair Kashfi, Dr. Farman Fatehpuri, Dr. Aslam Farrukhi, Prof. Jameel Akhtar Khan, Dr. Haneef Fauq, Dr. Younus Hasni, Shamim Ahmed, Prof. Sahar Ansari, Dr. Vaqar Ahmed Rizvi, Dr. Sidiqa Arman, Dr. Moinuddin Aqeel, Dr. Zafar Iqbal.

The department of Urdu has a prominent position in the University of Karachi for research. Over 100 people have completed their Ph.D. research program and approximately thirty projects are in progress.

In addition to regular teaching and lectures, co-curricular literary and academic activities and gatherings are also held frequently.

Career Opportunities

- Teaching
- Print and Electronic Media
- Research
- Academic Organizations
- Advertising (Copy Writing)
- Creative Writing, etc.

Centre of Excellence for

Women's and Gender Studies

Introduction

Since the last 27 years Centre of Excellence for Women's Studies (CEWS) University of Karachi has been offering teaching and research facilities in a friendly environment to prepare students to act as agents of change. We are the first to offer M.A. and M. Phil/Ph.D. degree programs in Pakistan, currently the Centre offers M.A., B.A.(Hons.) (Morning / Evening) and M.Phil. / Ph.D. programs. Women's Studies, an interdisciplinary subject, aims to make visible women's role and contribution towards building a gender-bias free society for a holistic development of the nation. We offer a variety of courses to address the issues of women and gender, both nationally and internationally. The major focus of our teaching and research is to bridge the gap between the academia and women at the grass-root level. Thus, our students move beyond the Campus and interact with women to document their everyday lived experiences.

Career Opportunities

As Women's Studies prepares students to act as agents of social change, therefore, our students are well equipped and trained to take up jobs that a person qualified in any other discipline can undertake. Majority of CEWS graduates are now hired in various positions by government and non-government agencies. As one of the requirement of our teaching is practicum, our students work as interns with various GOs/NGOs and thus gain practical training and gain experience. To help our students in their future careers, we remain engaged with the corporate sector.

Facilities

CEWS has well-qualified faculty to help and assist students in their quest for knowledge. We also invite scholars, academics and activists from various fields to share their scholarship and experiences with our students.

Our library with its holding of more than 4000 books, journals, reports on women and gender is the only library of its kind in the country. We have a collection of press-clippings on almost all aspects of women's lives. Our library is accessed not only by our students but it also caters to the academic search needs of scholars, activists and journalist who wish to avail this facility. Our library catalogue is accessible through electronic portal.

Specific Research Areas

- Women & Work: Child Labour, Girl Child, Self-Employed Women
- Women & Entrepreneurship
- Women, Religion & Religious Traditions
- Health Concerns of Women & Gender
- Women's History
- Women & Law
- Women & Politics
- Women & Media
- Women Sports & Physical Education
- Psychology of Women
- Development Planning (nationally & globally) and Women

Faculty Members

Professor

- Prof. Dr. Nasreen Aslam Shah (*Director*)

Assistant Professors

- Dr. Asma Manzoor
- Dr. Shagufta Nasreen
- Dr. Aliyah Ali

Lecturers

- Ms. Seema Manzoor
- Ms. Duaa-e-Rehma

Evening Programs Available

- B.A. (Hons.)
- Short Course in Women's Studies

TABLE - I

Eligibility for admission to MCS / B.L.I.S / LLB /LLM Programs

S.#	Department	Class	No. of Seats	Required eligibility
1.	APPLIED PHYSICS (With specialization in Electronics)	M.Sc.	60	i) B.Sc. with Physics and Mathematics ii) B.E. (Electrical / Electronics) iii) B.Tech.(Hons.) Electronics / Electrical / Telecommunication)
2.	COMPUTER SCIENCE	MCS	70	i) BCS from Institutions affiliated with University of Karachi with minimum 2.5 CGPA ii) B.Sc. / B.A./B.E./ B.Tech.(Hons.) with Mathematics or Statistics or Physics as one of the subject. iii) B.A./B.Sc./ B.Com. and Post Graduate Diploma in Computer and Information System / Statistics / Mathematics from University of Karachi.
3.	LIBRARY & INFORMATION SCIENCE	B.L.I.S	60	Graduation or equivalent
4.	PHARMACEUTICS	M. Pharm.	45	Pharm-D
5.	PHARMACOLOGY	M.S. (One Year)	45	B. Pharmacy / Pharm-D
6.	SCHOOL OF LAW	LLM (2 Years)	45	LLB with at least second division
7.	TEACHER EDUCATION	M.Ed. (One Year)	45	B.Ed. (One Year)
8.	ZOOLOGY	M.Sc.	80	B.Sc. (with Zoology)

TABLE - II

Eligibility for admission for Bachelor Programs Faculty of Education & Social Sciences

S.#	Department	Class	No. of Seats	Required eligibility
1.	AUDIOLOGY & SPEECH PATHOLOGY	B.A. (H)	45	Intermediate Arts / Science / Commerce
2.	ECONOMICS	B.A./B.Sc.(H)	100	'A' level/Intermediate (with Economics) / Intermediate Commerce
			50	Intermediate Science (with Physics, Mathematics or Statistics).
(In case of vacant seats, allocation of seats can be interchanged on the basis of merit)				
3.	CRIMINOLOGY	B.A. (H)	100	Intermediate or equivalent
4.	EDUCATION	B.A. (H)	25	Intermediate with Education
			15	Intermediate or equivalent
5.	ENGLISH	B.A. (H)	50	i) 'A' Level (with English Literature) ii) 'A' Level (with English General [A,B or C grade]) iii) Intermediate (with at least 50% marks in Elective English) iv) Intermediate (with at least 50% marks in Advance English) v) Intermediate (with at least 60% marks in English Compulsory)
(Admissions will be given according to above order of priority)				
6.	GENERAL HISTORY	B.A. (H)	25	Intermediate with General History
			65	Intermediate
			10	DAE
7.	INTERNATIONAL RELATIONS	B.A. (H)	50	Intermediate Arts with Civics, General History, Economics, Sociology or Logic
			15	Intermediate Science with 1 st division
			05	Intermediate Commerce with 1 st division
(In case of vacant seats, allocation of seats can be interchanged on the basis of merit)				

S.#	Department	Class	No. of Seats	Required eligibility
8.	MASS COMMUNICATION	B.A. (H)	48	Intermediate (Arts/Science / Commerce / Home Economics) or equivalent
			02	DAE
9.	PSYCHOLOGY	B.A./B.Sc. (H)	45	Intermediate or equivalent
10.	SOCIOLOGY	B.A. (H)	150	Intermediate or equivalent.
11.	SPECIAL EDUCATION	B.A. (H)	50	Intermediate or equivalent.
12.	URDU	B.A. (H)	50	Intermediate or equivalent.
13.	WOMEN'S AND GENDER STUDIES	B.A. (H)	50	Intermediate or equivalent.

Eligibility for admission for Bachelors Programs Faculty of Science

S.#	Department	Class	No. of Seats	Required eligibility
1.	ACTUARIAL SCIENCES & RISK MANAGEMENT	BS	50	i) Intermediate, H.S.C or equivalent with Mathematics at least 50% Marks ii) "A" level with Mathematics at least B-Grade (Equivalence certificate would be required)
2.	AGRICULTURE & GRIBUSINESS MANAGEMENT	BS	50	Intermediate Science or equivalent
3.	APPLIED CHEMISTRY & CHEMICAL TECHNOLOGY	B.Sc.(H)	45	Intermediate Science (with Mathematics, Physics and Chemistry)
			05	DAE (with Chemical Technology)
4.	APPLIED PHYSICS (with specialization in Electronics)	B.Sc.(H)	45	i) Intermediate / "A" Level (with Physics and Mathematics) ii) DAE (Electronics or Electrical)
	(Admission will be granted on the basis of Entry Test)			
	Note: Admissions will be granted on the basis of Academic Percentage in the pre-requisite (Intermediate or equivalent) examination after qualifying the Entry Test with minimum 50 % marks in the Entry Test.			

S.#	Department	Class	No. of Seats	Required eligibility
5.	BIOCHEMISTRY	B.Sc.(H)	65	Intermediate Science (with Chemistry and Biology)
6.	BIOTECHNOLOGY	B.Sc.(H)	50	Intermediate Science Pre-Medical / Pre-Engineering
7.	BOTANY	B.Sc.(H)	100	Intermediate Science (With Biology)
8.	CHEMISTRY	B.Sc.(H)	60	Intermediate Science (with Chemistry)
			05	DAE
9.	COMPUTER SCIENCE (Admission in BSCS and BSSE will be granted on the basis of Entry Test)	BSCS BS(Computer Science) BSSE BS(Software Engineering)	110 110	Intermediate (Pre-Engineering) / Intermediate with (Mathematics, Statistics and Computer Science) / Intermediate with (Mathematics, Statistics and Economics) with at least 55% marks. DAE (Mechanical / Electrical / Electronics / Computer Information Technology) with at least 65% marks. Intermediate (Pre-Engineering) / Intermediate with (Mathematics, Statistics and Computer Science) / Intermediate with (Mathematics, Statistics and Economics) with at least 55% marks. DAE (Mechanical / Electrical / Electronics / Computer Information Technology) with at least 65% marks.
Note: Admissions will be granted on the basis of Academic Percentage in the pre-requisite (Intermediate or equivalent) examination after qualifying the Entry Test with minimum 50 % marks in the Entry Test.				
10.	ENVIRONMENTAL STUDIES	B.Sc.(H)	50	Intermediate Science or equivalent
11.	FOOD SCIENCE & TECHNOLOGY	BS	45	Intermediate Science with Pre-Engineering / Pre-Medical
12.	HEALTH, PHYSICAL EDUCATION & SPORTS SCIENCES	B.Sc.(H)	25	Intermediate (Pre-Medical)
			15	Intermediate (Pre-Engineering)
			10	Intermediate (General Sciences)
			10	Intermediate Arts / Commerce / Physical Education in Subject / Diploma in Physical Education

S.#	Department	Class	No. of Seats	Required eligibility
13.	INSTITUTE OF SPACE AND PLANETARY ASTROPHYSICS	B.Sc.(H) (Space Science and Technology)	70	i) Intermediate Science with Mathematics and Physics. ii) DAE (Electrical, Electronics, Mechanical, Radio, T.V., Telecommunication, Computer Information Technology)
14.	MATHEMATICS	B.A./B.Sc.(H)	200	i) Intermediate (Science / Arts) with Mathematics ii) Intermediate with Certificate in Mathematics from University of Karachi.
15.	PHYSIOLOGY	B.Sc.(H)	100	Intermediate Science (with Biology)
16.	PHYSICS	B.Sc.(H)	45 05	Intermediate Science (with Physics and Mathematics) DAE (Electronics, Mechanical, Electrical, Radio, T.V., Telecommunication, Computer Information Technology)
17.	STATISTICS	B.A./B.Sc.(H)	50 05	Intermediate Science/Arts (with Mathematics) DAE (with Mathematics)
18.	ZOOLOGY	B.Sc.(H)	120	Intermediate Science (Biology Group)

**Eligibility for admission for Bachelor Programs
Faculty of Management and Administrative Sciences**

S.#	Department	Class	No. of Seats	Required eligibility
1.	KARACHI UNIVERSITY BUSINESS SCHOOL	BBA	50	Intermediate / A-Level with at least 50% marks (Admission will be granted on the basis of Aptitude Test) Note: Minimum qualifying marks in the Aptitude Test is 50% Weightage for preparation of Merit List is: Academic Record = 40% + Aptitude Test = 60%
2.	COMMERCE	BS	30 30	Intermediate Commerce Intermediate Arts / Science
3.	PUBLIC ADMINISTRATION	BPA	60 10	Intermediate Arts, Science & Commerce or equivalent DBA / DAE

TABLE - III

Diploma Program, Faculty of Social Sciences

S.#	Department	Class	No. of Seats	Required eligibility
1.	POLITICAL SCIENCE (DIPLOMA IN LOCAL GOVERNMENT AND ADMINISTRATION)	DLG	45	Graduation or equivalent
2.	URDU (PGD) for Foreigners	PGD	45	Graduation or equivalent

TABLE - IV

Certificate Courses

S.#	Department	No. of Seats	Required eligibility
1.	ARABIC	50	Intermediate or equivalent
2.	CHILD PSYCHOLOGY	50	Intermediate or equivalent
3.	HUMAN BEHAVIOR	50	Intermediate or equivalent
4.	LIBRARY AND INFORMATION SCIENCES (Advance Certificate Course)	45	M.L.I.S (Masters in Library & Information Science) (Only those students who has got M.L.I.S before 2007)
5.	MASS COMMUNICATION	50	Intermediate or equivalent
6.	MATHEMATICS	50	i) Intermediate or equivalent ii) DBA with Mathematics
7.	MICROBIOLOGY (MCC)	45	Candidates possessing MBBS / BDS / B.Sc. in any Life Sciences discipline.
8.	PERSIAN LANGUAGE	50	Intermediate or equivalent
9.	PETROLEUM TECHNOLOGY	45	Intermediate Science (Pre-Engineering) Candidate must have 5 years experience in Petroleum Industry.
10.	SOCIAL WORK	50	Intermediate or equivalent
11.	URDU (One Year Professional Certificate Course (Teaching of Urdu))	45	Graduation or equivalent
12.	URDU (Six Months Professional Certificate Course for Govt. Teachers)	45	Graduation or equivalent
13.	URDU (One Year Certificate Course for Foreigners)	60	For Foreigners only (students can apply through their consultant)
14.	WOMEN'S STUDIES (Short Course)	50	B.A./B.Sc./B.Com or equivalent

PROCEDURE OF ADMISSION FOR SELECTED CANDIDATES

The list of successful candidates shall be displayed at the following places:

- a) Directorate of Evening Program, University of Karachi.
- b) Silver Jubilee Gate-1, Main University Road, Karachi.
- c) www.uok.edu.pk

The candidates shall be required to pay the prescribed fee given in **Table - V**.

Following documents must be submitted at the time of admission to complete the enrollment requirements.

1. Original Marks Sheet of the last examination passed i.e. Intermediate or equivalent for Bachelor's Program and Graduation or equivalent Mark Sheet for Masters program candidates. (Non-returnable)
2. One attested photocopy of the Certificate of Matriculation or "O" Level.
3. For regular students a Character Certificate (Original) from the Head of the Institute last attended. For external candidate a Character Certificate(Original) from a Gazetted Officer.
4. One attested photocopy of Intermediate mark sheet or Certificate (Only for Masters Program's candidate)
5. One attested photocopy of CNIC of candidate (in case candidate is below 18 years one attested photocopy of **Form "B"** allowing with one attested photocopy of CNIC of his/her parents.
6. Original Migration Certificate. (in case the applicant has passed the last examinations from Institutions located outside Karachi.)
7. Eight (08) recent passport size photograph (1" x 1.5").
(2 photographs be pasted in enrolment form, 5 photographs be pasted in Fee Voucher and 1 extra photographs be attached with Enrolment Form)

DATE AND TIMINGS OF CLASSES:

- a) **Classes shall commence from January 26, 2017.**
- b) Classes in the Evening Program will begin from 3:30 p.m.
- c) The University rules regarding the attendance and promotion from one class to another are the same as applicable to the morning students of the University of Karachi.
- d) **In order to commence teaching, the minimum number of students enrolled in a program is 35.**

Note: If the minimum number of students do not register by paying the fee in time, the program shall not be initiated and the fee shall be refunded.

IMPORTANT NOTE:

- a) Any admission secured on the basis of fake documents or misinformation shall be cancelled and fee shall be confiscated in favor of University of Karachi at any time. It is to be pointed out that all admissions are provisional and subject to verification of documents.
