PROFESSIONAL TRAINING VISITS		
Subject	Institute / Organisation	Year

Curriculum Vitae - Syed Shahamat Ali Shah

Official visit for seven days to modify and trial run of Multilane packing machines.	Nasional Agung Jaya, Indonesia	2006
Official visit for 15 days to study and examine Coal and Iron Ore Blending and Transportation Facilities.	BHP, Australia	1999
Official visit for 15 days to study and propose corrective actions on consultant report for capital repair of coke Oven Batteries.	Giprokoks, Russia	1998
Official Visit for 15 Days to finalize the design basis for Liquid Ammonia Plant.	UEC, Pittsburgh USA	1994
Attended Three months Senior Production Management training.	UNIDO,USSR	1981
Operational Control and Production Management of Coke Oven and By-Product Plant.(One year)	USSR	1974-75

Actively participated in numerous seminars throughout my career on:

- Quality Management System.
- Occupational Health & Safety Management System.
- Environmental Management System.

SKILLS & COMPETENCIES

Management System Auditing: Conducted internal audits for quality, safety, environment, HACCP and enzyme safety management systems.

Project Management: Planned, executed, monitored and managed till successful completion, various large scale industrial projects, which involved engineering design, construction, installation, commissioning and operation.

Team Management & Interpersonal skills: Managed large scale and medium size facilities from more than 700 to 400 staff and officers.

Technical Skills: My broad and varied exposure throughout the career involved engineering designs, construction, installation, process engineering, maintenance, commissioning, operational management and troubleshooting. This experience gave me the in-depth understanding of industry specific standards, regulations and related legal requirements.

Communication Skills: Carried out extensive documentation and reporting (i.e. Quality & SHE Manuals, policies, procedures, SOP, plans, process maps, audit reports, training handouts).

Training & Presentation Skills: Provided in-house and public training (Top Management to worker level) on the subject of Process Design, Production Management, Operational Control, Quality, Safety, Environment, HACCP Management Systems, and Auditing etc.
