

Name: Mohammad Aslam

Father's Name Mohammad Ahmed

Date of Birth 06-02-1960 (Sixth February nineteen Sixty)

N.I.C 42201-0724522-9

Address Res: C-46, staff Town, University of Karachi.
Office: Department of Statistics, University of Karachi, Karachi-75270.

Phone Office:-99261300-07 ext.2298

Designation Associate Professor Since 01-01-2001

Domicile Karachi (Sindh)

Qualification:

1. Matric (Industrial Arts, Physics, Chemistry, Mathematics) with second division 1975. Jamia Millia Pilot Secondary school.
2. Intermediate science Physics, chemistry, Mathematics) with second division in 1977. Superior Degree Science college.
3. B.Sc. (Statistics, Physics and Mathematics) with first division in 1982. Urdu Science college.
4. M.Sc. (Statistics) with first class second position in 1985. Department of Statistics, University of Karachi.
5. M.Phil (Statistics) in 1995. Department of Statistics, University of Karachi.
6. I have successfully completed "Pre-service teachers training course" held at from Feb. 3rd to April 29th 1987 at University Grant commission (U.G.C) Islamabad.
7. I have successfully completed "Refresher course in Statistics" held in department of Statistics, University of Karachi in 1987 organized by University Grant commission, Islamabad.

1; Teaching experience

1. *Teaching of B.Sc Honors/Subsidiary First Year to M.Sc Final courses, in the department of Statistics, specially "Sampling distribution-I & II (501, 502), Numerical Analysis (561) in twelve semesters, Introduction to Statistical methods I & II (405, 406), Introduction to Mathematical Statistics –I & II (411 & 412) ,Qualitative Data Analysis (673), Mathematical Bio-Statistics (674) and Sampling techniques (521 & 522).*
2. *Post Graduate Diploma (P.G.D) in Statistics from 1988 to date.*
3. **Interdepartmental cooperative teaching of M.Sc course (511) "Statistical Modeling and Inference" in computer science department 1990-1991.**
4. **Interdepartmental cooperative teaching of M.Sc course (504) "Biostatistics" in the department of Biochemistry from 1990 to 1994.**
5. **Teaching of MCS course (CS-504) "Advance Statistics" (Evening Program) in Computer science department 2002.**
6. **Teaching of BS.(CS-306) (Evening Program) in Computer science department 2002.**
7. **Teaching of MCS course (CS-503) "Statistical Methods" (Evening Program) in Computer science department 2002.**
8. **Teaching of CRI-552 Application of Statistics and Computer software in Criminology studies in the department of sociology , University of Karachi. (2003).**
9. **Teaching of ACT-317 Mathematics-I. Algebra for B.S Actuarial science (evening Program) , Department of Statistics University of Karachi from 2001 T0 2006.**
10. **Teaching of ACT-318 Mathematics-II. Calculus for B.S Actuarial science (evening Program) , Department of Statistics University of Karachi from 2001 to 2006.**
11. **Teaching of ACT-502: Sampling Distribution -II. B.S (III year) Actuarial science (evening Program) , Department of Statistics University of Karachi 2006.**
12. **Teaching of ACT-511:Actuarial Mathematics since 2002 to date in B.S (III year) Actuarial Science and Risk Management.**
13. **Teaching of ACT-611 &Act-612 Actuarial Modeling I & II in B.S 4th year Actuarial science and Risk Management, Department of Statistics University of Karachi from 2004 to date.**

14. Teaching of Bio Statistics 315 & 316 in department of chemistry in evening program, 2005, 2006.
15. Teaching of third honors course sampling Technique – paper IV in Federal Urdu science University Gulshan –e- Iqbal campus in 2005 & 2006 academic year.
16. Teaching of M.Sc final course “Statistical Inference” – paper I in Federal Urdu science University Gulshan –e- Iqbal campus in 2006 academic year.
17. Resource person in refresher course for “Training course in Statistics for colleges teachers of sindh held on Sept 13-18, 1999, organized by the University Grant Commission (UGC), Islamabad.
18. Resource person in refresher course for “Training course in Statistics for colleges teachers of sindh held on Sept 13-18, 1999, organized by the University Grant Commission (UGC), Islamabad. The title of lecture series “Basic Statistics”.
19. Resource person in refresher course for “Training course in Statistics for colleges teachers of sindh held on June 2001, organized by the University Grant Commission (UGC), Islamabad. The title of lecture series “Mathematics in Bio Statistics”.
20. Resource person in six days In-service Training Course in Statistics for Degree colleges teachers of Karachi at held on 26th to 31st 2004 at HEC regional centre Karachi, organized by the Higher Education Commission (HEC), Islamabad. I have delivered two lectures on Sample survey, sampling designs: systematic and cluster sampling.
21. Resource person in four days workshop on “Statistical Methods in Environmental Sciences held on March 6-9, 2006 organized by the Institute of Environmental Studies and Department of Statistics, University of Karachi. The topic of lecture is “Measurement of Error”.

2. Professional Training

- 1) I have successfully completed “Pre-service teachers training course” held at U.G.C Islamabad from Feb. 3rd to April 29th 1987.
- 2) I have successfully completed “Refresher course in Statistics” held in department of Statistics, University of Karachi Under the auspices of University Grants Commission, Islamabad, from 26th Oct to 14th Nov, 1987,

5.PROJECTS

Project No. 1.

A project entitled “Prevalence Survey of Diabetes, Study of its Risk Factor and development of Statistical Models”, Funded by Karachi University Research Grant (KURG). Final report has been submitted on 31st, April, 1999. The following four articles from this report have been presented:

Project No. 2

A project entitled “Simultaneous Exploratory Control Charts for location and dispersion for skewed distribution of Process”. The project have been approved by the Dean faculty of science funded by Karachi university research grant (KURG) on August 23,1999. The project is related with the development of control chart for the skewed distribution of process in industries, and in 21st century all exports will depends on the international quality standard such as ISO-9000. We proposed this project to meet the challenges of 21st century regarding the exports of goods to international markets. Final report has been submitted on 29th, August , 2000. The article from this report have been presented and published:

Project No. 3.

A project have been completed entitled “Statistical analysis of data was done on the "Prevalence Survey of Diabetes Mellitus in Pakistan". The survey was conducted at Shikarpur district Sindh in 1994 Pakistan diabetic Association with collaboration of World Health Organization (WHO).

Project No. 5.

A Statistical analysis was completed for the Ph.D thesis entitled “Study of effect of Nutrition on Biological factors and Tolerance to Pesticides” of Rukhsana, G. in 1995, supervised by Dr. S.N.H. Naqvi, Zoology Department University of Karachi, Karachi. The two research articles have been published by this thesis.

Project No. 6.

Statistical analysis was completed for the M.Phil thesis entitled “Toxicity and effect of some Terpenoids on Fish fat Protein and Enzyme’ of Shamsa, S. in 1995 supervised by Dr. Afzal Kazmi, Zoology Department University of Karachi, Karachi. A research article have been published by this thesis;

Project No. 7.

Statistical analysis of the project was done by fitting of Binary regression lines, lethal dose level, relative efficacy of pesticides. The project supervised by Dr. S.N.H Naqvi, Zoology Department University of Karachi, Karachi. A research article have been published by this thesis;

Project No. 8.

A project entitled “Inference of two and three parameters Weibull distribution completed and submitted on June 6th, 2003. This project funded by Karachi University Research Grant (KURG). The following articles from this report have been presented:

Project No. 9.

A project entitled “Simultaneous confidence Region for Two parameters Probability Distributions” was approved and funded by Dean faculty of Science University of Karachi on September.

3: RESEARCH ARTICLES PUBLISHED:-

The forty (40) research articles have been published in different national and international reputed journals, some are listed below:

1. ¹Aslam, M., Gerald., B.H., and Khurshid, A. (1991). "Shape-Finder Box Plots", American Society of Quality Control (ASQC), News Letter, Fall, pp.9-11.
2. Aslam, M, Rukhsana, G. & Naqvi, S.N.H (1993). Study of Preferential Egg Laying , Development & Emergence Behavior of *Callosobruchus Analis* on Different Legume Commodities, Pak. Entomol, Faisalabad, Vol. 15 No 1-2. pp.107-110.
3. Aslam, M, Haq, M. & Hayat, P. (1995). Coefficient of variation Allocation in Stratified Sampling Design. Proceedings of First Seminar on Recent Development of Statistics, Department of Statistics University of Peshawar. pp.61-67.
4. ²Aslam, M. (1995). “Statistical Approach to study Rotaviral Diarrhoea and Age relationship”, Proceedings of Fifth Islamic Countries Conference on Statistical Sciences, Faculty of Mathematics and Natural Sciences, University of Brawijaya , Malang , Indonesia. pp. 40-41.
5. ³Aslam, M. (1995). “Coefficient of variation allocation for Multivariate survey in Stratified and Two-stage sampling designs”, Proceedings of Fifth Islamic Countries Conference on Statistical Sciences, Faculty of Mathematics and Natural Sciences University of Brawijaya , Malang , Indonesia. pp. 09-10.

6. Khan, S.A, Khalid, S.M, Siddiqui, R, Vahidy, R and Aslam, M. (1996). "Rotaviral Diarrhoea and Age Dependence: A Statistical Approach.", J. of Science Kar, Vol.24, No 1, pp. 124-128.
7. Aslam, M. and Ahmed, E. (1996). "Exploratory Plots For the Mann-Whitney Test", Pak. J. Statistics, Vol. 12, N0. 3, pp. 251-258.
8. Sultana, S. S., Kazmi, M. A., Naqvi. S. N. H, Aslam, M and Tabassum, R. (1996). Toxicity and Effect of Neem Products (Rb-b and SDS) and Op (Dimethoate) on Protein pattern of a fresh water Fish, Proceedings of the UNESCO Workshop on Coastal Aquaculture, Marine Reference Collection and Resource Centre, University of Karachi and Regional offices of Science and Technology for South and Central Asia office of the UNESCO, pp-131-137.
9. Aslam, M and Naqvi, S.N.H. (1996). Phagodeterrent effect of Neem preparation against grasshopper. Proceedings of Sixteenth Pakistan Congress of Zoology, Organized by Zoological Society of Pakistan, Vol. 16, pp 33-36.
10. Aslam, M. Khurshid, A. and Hussain. E. (1997). "Exploratory Data Analysis for Crossover Trials", Proceedings of "Second Biennial National Conference on Pharmacology and Therapeutics", organized by the Department of Pharmacology, University of Karachi ,pp. 33-40.

4: Conference and seminars attended:

I have attended thirty six national and international conferences and seminars.

5: Research paper presented:

I have presented thirty two research papers in different national and international conferences.

6: Consultancy

- 1) Statistical analysis of data was done on the "Prevalence Survey of Diabetes Mellitus in Pakistan". The survey was conducted at Shikarpur district Sindh in 1994 Pakistan diabetic Association with collaboration of World Health Organization (WHO).**
- 2) Statistical analysis of Multicentre Clinical Trials in painful Muscle spasms to determine the efficacy of a medicine launch by a Pharmaceutical Company in 1994.**
- 3) Rukhsana, G. (1995). Study of effect of Nutrition on Biological factors and Tolerance to Pesticides in analysis. Unpublished Ph.D thesis supervised by Dr. S.N.H. Naqvi, Zoology Department University of Karachi, Karachi.**
- 4) Shamsa, S. (1995). Toxicity and effect of some Terpenoids on Fish fat Protein and Enzyme. Unpublished M.Phil thesis , supervised by Dr. Afzal Kazmi, Zoology Department University of Karachi, Karachi.**
- 5) Mohammad Tariq. (1995).Fitting of Binary regression lines, lethal dose level, relative efficacy of pesticides for Ph.D Thesis and some research projects, supervised by Dr. S.N.H Naqvi, Zoology Department University of Karachi, Karachi.**
- 6) Dr. Mohammed Zafar. (2003). Histological studies on the role of anticarcinogenic drugs(Streptozotocin) on kidney, liver and pancreas of small mammals” under the superviseon Prof.Dr, S.N.H Naqvi Baqai Medical University.**
- 7) Dr. Mohammed Ahmed Azmi (2003). Determination of Pesticide residuals in the blood o rural population of Gadap are and their effect on enzymes and blood parameters”, under the superviseon Prof.Dr, S.N.H Naqvi Baqai Medical University.**
- 8) Arshad Munir, Ph.D thesis entitled “Biononic Stuies of Poplytes snf comparison with P.dimoleus (Lept. Papilioidane) from lower Sindh Pakistan”. Under the supervision Dr. Nikhat .Y .Siddiqui Zoology University of Karachi in 2003.**

7:. RESEARCH STUDENTS SUPERVISED:-

The twenty five research student supervised for the fulfillment of P.hD and M.Sc degree awarded by the Karachi university, and Baqai Medical University, some titles were:

1. "Quantal Assay for the Development of Effective Insecticide.",
2. *"Toxicity of Neem Oil against Callosobruchus Analis in Comparison with Deltamethrin and Dimethoate"*,
3. " Sample size determination in Multivariate survey.
4. *Coefficient of variation Allocation in Stratified Sampling Design.*
5. Study of effect of Nutrition on Biological factors and Tolerance to Pesticides in analysis.
6. Toxicity and effect of some Terpenoids on Fish fat Protein and Enzyme.
7. Fitting of Binary regression lines, lethal dose level, relative efficacy of pesticides
8. Exploratory Data Analysis for Bivariate Data
9. New Simulation Technique of Order Statistics
10. Statistical Analysis of Diabetic Survey Data
11. *Prevalence survey of Diabetes and study of its risk factors.*
12. Simultaneous Exploratory Control chart for Skewed Distribution for location and variation
13. Comparative Study of standard of education in Colleges and Karachi University:
14. Inference on 3-parameters Weibull distribution: Comparison of Graphical, and Iterative least square methods
15.). *Comparison of Shewhart and Simultaneous Exploratory Control chart for location and dispersion.*
16. *L-moment Estimation of Three-parameters Weibull distribution.*
17.). *Some Method of Inference for Two and Three parametric Weibull Distributions.*
18. Inference of critical parameters of Gamma, Negative binomial and Geometric distributions: Moment Generating Function (m.g.f) approach

8: Administrative Experience:

- 1. Worked as Member of departmental admission committees during 1985- 1994.**
- 2. Worked as Member of University admission committee during 1992-1994.**
- 3. Worked as departmental time table In-charge during 1988- 1992 and 1994-2001.**
- 4. Worked as seminar library In-charge during 1987-1990.**
- 5. Worked as departmental student advisor during 1993-1994 and 1999-2002**
- 6. Worked as non-teaching staff In-charge during 1990-1993.**
- 7. Worked as internal tabulator of semester section for B.Sc , M.Sc and P.G.D classes during 1995 to date.**
- 8. Worked as tabulator of B.A, B.Sc, B.Com and M.A results in 1989, 1993. 1998.**
- 9. Worked as co-examiner of B.Sc II paper IV in 1991-1992.**
- 10. Worked as member of Board of studies, department of Statistics, University of Karachi during 1992-1995 and 2003 to date.**
- 11. Worked as External examiner of B.Sc I and II from 1991 to 2003.**
- 12. Worked as conveyor of Poster competition held at the occasion of forth, fifth sixth and seventh statistics seminar held in 1992, 1994, 1996 and 1999 in the department of Statistics.**
- 13. Head examiner B.Sc pass paper IV in 2003.**
- 14. Member of Board of Faculty of Science during 1997-1999 and 2004-2006.**
- 15. Referee of research articles of sixth and seventh Statistics seminar, organized by the department of Statistics, University of Karachi.**
- 16. Time table in charge since 2005 to 2008.**
