

FIRST NATIONAL CONFERENCE ON SPACE SCIENCES (NCSS-2012)

WORLD SPACE WEEK 2012

October 8-9, 2012

THEME AND OBJECTIVES

The General Assembly of United Nation declares 4th to 10th October as a “World Space Week” to celebrate each year at the international level the contributions of Space Science and technology to the betterment of the human condition. The Institute of Space & Planetary Astrophysics, University of Karachi, Karachi, Pakistan, is organising the **First National Conference on Space Sciences**, on October 8-9, 2012 celebrating the World Space Week 2012. This Conference is being organized in collaboration with SUPARCO, Sir Syed University of Engineering & Technology, Karachi, Institute of Space Technology, Higher Education Commission, National ICT R&D Fund and Pakistan Physical Society, Sindh Chapter.

This Conference will also be a contribution towards the **World Space Week 2012**. The main theme of the conference is “**Space for Human Safety and Security**”. There are many ways in which mankind’s activities in space improve our daily lives. For instance, Earth observation, navigation and telecommunication satellites are used every day to protect humans and safeguard our environment.

The objective of the “National Conference on Space Sciences” is to provide a forum for discussion and implementation of the Space Sciences in Pakistan. The aim of the “National Conference on Space Sciences” is to provide senior and young scientists with a possibility to communicate and present their scientific work in the fields of Space Sciences.

CONFERENCE TOPICS

The conference is not restricted to any particular area of Space Sciences. To achieve our goal and theme of the conference, our intention is to cover all active research areas in Pure, Applied and Inter-disciplinary Space Sciences in Pakistan. To name a few are:

- Astronomy
- Astrophysics & Cosmology
- Satellite Communication
- Solar Physics
- Solar System & Extrasolar Planets

- Space Plasma & Astroparticles
- G.I.S & Remote Sensing
- Flight Dynamics
- Renewable Energy
- Atmospheric Sciences
- Environmental Sciences
- Oceanography
- Natural Disasters

CALL FOR PAPERS

Participants should submit an abstract of one page or maximum 500 words, including topic, key words, e-mail address, address of institute, methodology and results, by **October 01, 2012**.
